

FAMILY HERO. Chris Perigo is presented a plaque Tuesday by Capt. Leroy Harshbarger of the Granite City Fire Department.

(Press-Record Photo by Pat Foley)

Alert student commended

Seven-year-old Chris Perigo, the alert Lake School second-grader credited with saving the lives of his family last week from a fire in their kitchen, was given special recognition by the Granite City Fire Department this week for his "alertness and quick thinking."

Chris and his school principal, Edward Gonwa, were invited to visit the main fire station for a

plaque presentation Tuesday and to talk with firefighters and city ambulance personnel. Chris was also given a tour of the facility by Assistant Fire Chief George Smolich. It was the youngster's first visit to the station, but not his first exposure to fire safety and prevention.

The boy's mother, Mrs. JoAnn

\$127,615 truck purchase expected to resolve sludge-hauling problem at GC treatment plant

By GARY SCHNEIDER
of the Press-Record

Granite City will purchase a giant Mac truck and three large trailers to haul sludge from the sewage treatment plant to the sanitary landfill, but the program will not begin until after a strike at the trailer manufacturing firm ends, the Press-Record has learned.

The city council voted 10-2 Tuesday night to purchase the three trailers for \$83,000 from Lone Star Engineering, the low bidder. They also voted to accept a bid from Mac Trucks to supply a giant diesel tractor for \$44,615.

Alderman Glen Sprankle, chairman of the city's sewage treatment plant committee, said the bid for the Mac tractor was not the lowest bid received, but said his committee feels the low bid of \$38,835 is for a tractor which would not last as long as the heavy-duty Mac tractor.

The committee and Terrence McMillan, superintendent of the treatment plant, agreed the extra \$6,000 would be well spent purchasing the superior Mac truck, Sprankle said.

Alderman Roy Poulos questioned whether rejecting the low bid would

present legal problems, since federal revenue sharing funds are involved in the financing. Mayor Paul Schuler said that if the lowest bid did not meet the city's needs, the council may legally accept a higher bid as, "the lowest responsible bid."

The aldermen then voted to make the purchases with Alderman Everett Morlen of the First Ward and Lloyd Bailey of the Fifth Ward voting against. Aldermen Earl Baker of the Sixth Ward and Fred "Pat" Schuman of the Second Ward were absent when the vote was taken.

After the meeting, however, McMillan told the Press-Record that employees of the trailer manufacturer are on strike and it is not likely that the trailers will be available for delivery until after the strike is settled.

He also said he does not plan to take delivery on the tractor until the trailers are available. "There is no sense in paying interest on the money borrowed to buy the truck until we can put it into use," McMillan explained.

The total of \$127,615 the city will pay for the tractor and three trailers is

below the initial city estimate of \$131,000. Associated Bankers has agreed to loan the city up to \$131,000 for the program, which will cost the city approximately \$2,750 per month, until paid in full, McMillan said when the program first was proposed.

He noted that Milan East, operators of the Mal Landfill, which the city uses, was charging the city \$5,000 per month for those months when the landfill was used beyond normal closing hours. After-hours hauling of sludge then was discontinued, but the dump trucks the city has been using to haul sludge, which hold only five cubic yards each, have been unable to keep up with the volume of sludge the plant produces, hauling only during business hours, so a large pile of sludge has developed at the treatment plant.

The smaller trucks now in use would need to haul 16 hours a day to remove the sludge the plant produces. The new trailers will hold 22 cubic yards of sludge each and will enable the city to remove the current backlog of sludge, as well as keep future piles from developing.

The U.S. Army Installation property

surrounds the treatment plant and the Army and Illinois Environmental Protection Agency have objected to the sludge being there and are asking the city to move it.

McMillan said that once the giant trailers are put into operation, there will be no need for sludge to ever go on the ground again. It can go directly into a waiting trailer and when that trailer is full, another trailer can be moved into the loading zone while the full trailer is hauled to the landfill.

The trailers are large enough that one can hold all the sludge developed by the plant during the nighttime hours, which then can be hauled to the landfill when it opens in the mornings.

Money already in the sludge hauling budget will be used to purchase one trailer and the tractor and other trailers will be purchased with borrowed funds. Revenue sharing may be used to meet all or a portion of the monthly payments on the truck and trailers, McMillan explained.

"Other cities are watching to see how this works, because they have the same problems," he added.

GC city employees get 8 to 12% pay increases

Pay raises for Granite City police, firemen and ambulance attendants were approved by the Granite City Council Tuesday night and the council requested City Attorney John Papa to prepare ordinances granting similar pay raises to street department, sanitation department and humane shelter employees and to secretaries.

City Treasurer Nick Petrillo estimates the raises will cost the city \$320,000 more in salaries in the first year than in the previous fiscal year and then at least \$350,000 more when the second-year raises take effect.

The police and firemen are to receive an immediate eight percent pay raise, with a retroactive check for the increase since May 1, when their previous working agreements with the city expired. Petrillo said it will probably be late October, halfway through the current fiscal year, when the retroactive checks are distributed, so they should total about \$160,000, or half of the total raise.

The agreements also call for the police and firemen to receive an additional nine percent pay hike May 1, 1981, and a three percent increase Nov. 1, 1981. The final increase will be effective March 1, 1982, when they will receive another one percent increase, the aldermen agreed.

Emergency medical technicians (EMTs) on the ambulance service will receive greater increases, because the aldermen feel their pay was much lower than the police, firemen or many other city employees. The ambulance attendants will receive a 12 percent pay hike, retroactive to May 1, 1980, and

will receive an additional 12 percent increase May 1, 1981.

Other agreements approved by the council include formalizing an agreement with police that they may trade assigned shifts with other officers, if the trade is announced three days in advance and with the approval of the shift commander. No overtime will be paid for shift trades, it is stipulated.

Also added to the benefits was a provision that police may take annual days off, with pay, for the death of grandparents, grandchildren or the children of a spouse.

The pay increases were negotiated by the council's negotiating committee, which recommended that they be adopted.

Alderman Sam Whitmer, who is not on the negotiating committee, said somewhat sarcastically after the votes, "It's good to know we have some well-paid and happy employees of Granite City."

Alderman Fred "Pat" Schuman, chairman of the negotiating committee,

then asked the city attorney to prepare ordinances granting pay increases to other city employees. He said the negotiating committee is recommending that humane department employees get the same 12 percent annual increases as the EMTs, since their salaries are below those of other employees.

He said increases of eight percent

immediately, nine percent next May 1, then three percent and one percent in the second year, the same as the police and firemen, have been negotiated with the street department employees, sanitation department employees and secretaries.

The street department raises, however, are tied in with a negotiated change in the grievance procedures, a

seniority layoff clause and funeral benefits for grandparents and grandchildren. Schuman said, it also carries a provision that no employee is eligible for vacation or for a raise, until he has been employed one year.

The council agreed to a motion to have Papa prepare the wage hike ordinance for street department employees, but without the grievance

procedure change. Supervisor of Streets Lionel Portell said he feels the change is unnecessary and will take up a great deal of time in settling grievances. The negotiated agreement called for grievances which are not resolved with the shop steward and foreman to be taken to Portell, and if that failed to

(Continued on Page 9)

Mobile home restrictions likely

The Granite City Council Tuesday night requested that City Attorney John Papa try to find a legal way to ban the placement of more mobile homes in the city, except in mobile home parks, or to better control their placement, and occupancy. Mobile homes now occupied would not be affected by any change.

"In Granite City, if you move in a trailer, most of the time, it is going to be between two houses," Alderman Sam Whitmer of the Second Ward told the

council. He favored a ban on the placement of any additional mobile homes in the city, except in mobile home parks.

Alderman Paul Fisk of the Third Ward favored a different approach. He said he feels Madison County has "an excellent trailer law" for the unincorporated area.

The county ordinance grants special use permits for the placement of trailers for periods of time. Examples

are permits not to exceed two years or five years or for the lifetime of the current owner.

The county also may stipulate that the permit is for the sole occupancy of the current owner or a named family and the permit is not valid if different occupants move in.

He said such a law would stop the obtaining of mobile home permits under false pretenses for rental property.

The issue was sparked by a group of citizens who attended the council meeting, objecting to the renting of two mobile homes in the 2900 block of West 20th Street. Neighbors signed a petition in favor of placement of the mobile homes there, thinking there would be only one mobile home and it would be used for the owner's daughter and son-in-law only.

After the city approved the lots for a mobile home, the owner put two units there, sold them and then they were rented out, a neighbor, Mrs. Wanda Mitchell, 2918 W. 20th St., contended.

When the initial petitions were circulated, the owner or owners failed to properly inform the neighbors of their true intentions, so the signatures were obtained under false pretenses, she feels.

"The people were not told this was to be rental property and multiple owners," she concluded.

She presented the aldermen with three new petitions by the neighbors. One asked that their names be removed from the previous owner's petition. The second asked that their names be removed from the new owner's petition

Waste seminar a 'real success'

By VALERIE EVENEN
of the Press-Record

"It isn't all slides, films and speakers. You actually get a chance to climb up on a truck or railroad freight car and see where cutoff valves are located," an area firefighter commented Wednesday.

One of 125 persons whose job or responsibilities involve some aspect of public protection and service, the speaker reflected the views of many of

those taking part in a two-day training program on the handling of hazardous materials.

The training seminar is continuing today at the Granite City Police Department under the auspices of the Granite City Police Department in conjunction with the Granite City Fire Department, the Emergency Services and Disaster Agency of Granite City (Civil Defense), the Illinois Central Gulf Railroad and the U.S. Army St.

Louis Area Support Center, the local Army facility.

Practical demonstrations utilizing various forms of transportation, including truck tankers and railroad freight and tank cars, occupied the participants Wednesday afternoon.

Illinois Central Gulf not only provided tank cars for the practical segment, but also an operating engine and caboose. Those attending climbed up on top of the cars and truck trailers, peering into

valve openings, handling emergency locking and unlocking devices and noting various insignia on the railroad cars and vehicles.

Diamond shaped hazardous materials warning labels, authorized by the Department of Transportation, are required during shipment of such materials, it was noted.

Such labels are very explicit, ranging from the red and white striped

Venice pays Echols as liquor head

By MICK STRANGE
of the Press-Record

The monthly salary of the city liquor commissioner (\$100) was approved by a 7 to 1 vote at the Venice City Council meeting Tuesday night over the objections of First Ward Alderman Phil Daniels.

The new budget for the city of Venice calls for the commissioner to be paid \$1,200 a year. This is the first year in which the item has been budgeted.

The mayor of a city is by state law automatically liquor commissioner, but until the current budget there was no salary paid for that purpose.

Daniels is maintaining it is illegal for an elected official to have his salary increased during his term of office.

Mayor Tyrone Echols contends that it is not increasing his salary as mayor; but the council in passing the budget set a salary for the liquor commissioner position, which had not been paid before.

"Having a salary as liquor commissioner is fine and legal, but this salary I maintain should not be paid until after the April election, when either Mayor Echols is re-elected, or someone else is elected. It should not be paid during the current term. I was under this assumption when I voted on the budget," Daniels said.

Mayor Echols said, "Mr. Daniels, I don't want you hasseling me every

INFORMATIONAL PICKETING in front of the Venice Public Schools this week by members of the American Federation of Teachers, Venice Local 965. The union rejected the last offer by the Venice Board of Education and began the picketing Monday. Another negotiating session is scheduled Monday, Sept. 29.

Differences in the amount of pay increases have kept a new contract from being signed. The teachers have been working since July 1 without a contract, but school did resume in August despite the lack of a working agreement between the union and school board.

Wilson PTA meets faculty

Ted Vrenick, principal of Wilson School, introduced members of the faculty at the first meeting of the Wilson School Parent-Teacher Association held last week at the school.

Delores Taft, PTA president, welcomed the parents and teachers. Bill Smithson, former PTA president, read the PTA Prayer and led the Pledge of Allegiance.

Vrenick also expressed appreciation to the group for gifts to the school.

Committee chairmen were introduced and reports were presented in the business session.

Louise Moad, ways and means chairman, said plans are being completed for a candy sale, and Chris Kincer, yearbook chairman, announced that the 1980-81 yearbook will cost \$1.50 a copy, an increase of 50 cents over last year.

Ray McGee and Woody Moad reviewed a proposed budget, which was adopted.

Eighty-seven mothers have signed up as room mothers, it was reported. Other new committee chairmen introduced were: Health and safety, Janet Oberle; special education and patrols, Diane Mor-

thland; publicity, Marsha Legate; Jean Stout and Darlene Harrigan.

Legislation, Smithson; bake sale, Linda McGee; hospitality, Shirley Star; membership, Ken Taft, and Area PTA Council delegates, Chris Kincer and Taft.

Refreshments, including two large sheet cakes made by Mary Pascoe, were served following the meeting by Mrs. Star, assisted by Ann Futrell and Mrs. Harrigan.

SALITZA PROMOTED TO SALES MANAGER

David R. Salitza, Collinsville, has been appointed sales manager in Metropolitan Life Insurance Company's Granite City office at 3708 Nameoki Road. It was announced by District Sales Manager E. Ray Grisham.

Salitza joined Metropolitan as a sales representative in the Granite City office in November 1974 and has qualified for the company's Leaders Conference two times.

Tighter child support rules

Governor James R. Thompson has approved legislation that will institute changes in the child support payment system, aimed at solving the problem of delinquent payments.

Under House Bill 24, beginning Jan. 1, 1982, a judge who directs child support payments in a divorce settlement may also make to the court clerk, who in turn would make the payment to the entitled party.

Only Cook County automatically is included in the new system. Other counties have the option of participating.

"The child support payments directed by the courts are vital in providing for the welfare of children following a divorce," the governor said. "The new system will focus on delinquent payments."

In Cook County there are about 30,000 divorces each year, with 80 percent of them involving child support orders.

Of those orders, about 10

percent involve public aid recipients, the payments now going to the Department of Public Aid. In non-public aid cases, payments for child support are made directly to the recipient.

The new system provides that payments, when ordered by the court, be made to the court clerk, who will then make them to the individual or, if the recipient is receiving welfare benefits, to the Department of Public Aid.

When a payment becomes delinquent for more than 30 days, the clerk is directed by law to refer the matter to the state's attorney for enforcement proceedings.

TOOLS STOLEN

Charles Wise, 3160 Davis Ave., has reported to police that tools valued at over \$1,000 had been stolen from his pickup truck in his driveway and from a shed in his back yard. He told police the theft had apparently occurred during the evening hours.

HANDICRAFT WORK is displayed by members of the Ladies Club of St. Margaret Mary Catholic Church who will offer the decorative items for sale at the annual Chicken Dinner and Bazaar from 11 a.m. until 6 p.m. Sunday, Sept. 28, at the school cafeteria. From left to right are Mary Ellen Boyer, Pat Alsop, Diane Vivod and Edith Borbas. The public is invited to attend.

Dinner, bazaar Sunday at St. Margaret Mary

The fifth annual Chicken Dinner and Bazaar will be sponsored by the Ladies Club of St. Margaret Mary Catholic Church will be held from 11 a.m. until 6 p.m. Sunday, Sept. 28, in the school cafeteria.

The public is invited and tickets, costing \$4 for adults and \$2 for children, will be available at the door. Children under 5 years are free.

General chairmen for the bazaar are Pat Knollman and Diane Vivod. Emanuel Valencia is heading the dinner committee.

In preparation for the parish project, club members have held workshops which started last January and continued through the summer months until September, the chairmen said.

Members met at the school to make ornaments and other projects, while others crocheted, knitted and sewed various handiwork at home, they explained.

A "Country Kitchen" has been added to this year's bazaar, it was learned. Under the direction of Karen Costello, the booth will

feature home-baked foods and canned goods, as well as candies, fudge and popcorn balls.

Special awards will be presented during the event, including a full-size handmade quilt, an infant sweater and small afghan, a large afghan, a calico tree skirt and ceramic nativity scene with a manger.

The St. Margaret Mary Men's Club will offer a side of beef as a gift, according to Marge Tarasovich, awards chairman.

Other display booths will include: "Games Galore" of special interest to children who may compete for prizes under the direction of Joan Ruth and Jeannette Scammel.

"Busy Hands," supervised by Mary Ellen Boyer and Pat Alsop, featuring afghans, centerpieces, sweater sets, wreaths, pillows and room decorations.

"Santa's Stocking" displaying more than 800 handmade Christmas ornaments, 65 different varieties, and wreaths, brooms and macramé items for advent and the holiday season, with Linda Beutel, Pat Knollman and Diane Vivod in charge.

A profusion of live plants will greet patrons at the "Jungle Fever" booth, arranged by Stella Tegel, chairman.

In the "Kid's Korner" booth, directed by Mary Ann Svevia and Mickey Strack, visitors will find many items for youngsters from pillows, dolls and horse heads to jewelry, wall decorations and stuffed animals.

Carryouts will be available for the dinners and adequate of free parking is available in the immediate vicinity of the school, the organizers said.

Filmstrip explores belligerent posture

The Community for World Peace met last week at Central Christian Church and reviewed a filmstrip, entitled "Every Heart Beats True," which deals with issues of war and peace.

The filmstrip raised the question, "Must one side's belligerent posture give the other side no choice but to respond with belligerence?"

Information was shared about the United States Academy for Peace and Conflict Resolution, which is being formed as a result of action by the Congress in 1977.

This legislation established a federal educational institution to train involved citizens in affirmative means of conflict resolution.

Information of federal resources to conflict resolution is an old idea, dating back to the time of George Washington, Benjamin Rush, Benjamin Banneker and others who saw the need during the Revolutionary War period for an institution to wage peace, those attending were told.

Several recent presidents have supported the expansion of knowledge of the science of conflict resolution,

including Franklin Roosevelt, Eisenhower and Kennedy.

The purpose of Community for World Peace is to help the average concerned citizen deal with the problems the world faces on the brink of nuclear war, it was explained.

The next meeting will be Thursday, Oct. 9, at 7:30 p.m. in the Terrace Room at Central Christian Church, 2020 Johnson Road. All who share this concern are urged to attend, the spokesman said.

Pack paper drive Saturday, Sept. 27

Cub Pack 46, sponsored by Nameoki School, will hold a fund raising paper drive on Saturday, Sept. 27, according to pack officers.

The officers added, that the cub scouts will pick up papers beginning at 9 a.m. at area residents homes or papers may be delivered to the school parking lot on the day of the drive. For more information those interested are advised to call 876-5948.

New chipper will solve Nameoki Township dispute

By GARY SCHNEIDER
of the Press-Record

Nameoki Township officials Monday night agreed to transfer \$3,300 from the highway department's funds into the equipment purchase fund, so the highway department can get a new tree limb chipper under a lease-purchase agreement.

Two weeks ago, highway department workers, who are represented by Teamsters Local 325, refused to work with the township's old chipper, contending it is unsafe and several workers have been injured by debris thrown out of the blades.

Highway Commissioner Frank Mehelic told the Town Board at its last meeting he agrees with the men and wanted to halt the entire environmental pickup program (limb and trash pickups) in the township for about five months, until a new chipper could be obtained.

He said he wanted to halt the trash pickups, as well as the limb pickups, so the full \$2,000 per month in community development funds the township gives his department for the environmental pickup program could be saved for the chipper.

Board members at that time indicated they would halt the \$2,000 per month transfers into the environmental cleanup program, unless the trash pickups continued. A letter of the subject from the Illinois Township Officials' Association was read, which supported the board's position that they are not obligated to give funds to the highway department, unless they wish to.

Mehelic has continued the trash pickup program while he has attempted to find an answer for the growing number of limbs needing picked up in the township. Monday night, he told the board he could obtain a new chipper from Outdoor Equipment Co., St. Louis, under a one-year lease-purchase agreement, if the board would assist in meeting the first six months of the payments, until his next budget takes effect.

Arrest driver after attempt to drive over closed crossing

Kenneth R. Lewis, 39, of Rural Route One, Box 18, Highway 162, was charged with driving while intoxicated after he allegedly tried to drive at 10:10 p.m. Monday over the West 20th Street railroad crossing, which is closed and barricaded for crossing repairs.

He allegedly left a nearby tavern and drove eastbound on West 20th Street, around two sets of barricades, over

the first two sets of tracks and became stuck on the third set of tracks, damaging the undercarriage and radiator of his car.

When police arrived, Lewis was allegedly lying outside of the driver's door and refused to stand up. He had cuts to his hands and arms.

He was released at 11:45 p.m. Monday after posting his driver's license and \$35 cash bond.

available for equipment purchases and would need only about \$3,300 more to fund the first six months of a lease-purchase. The board agreed to transfer \$1,800 from the highway department's contingency fund and \$1,500 from the fund for labor for machinery repairs into the machinery purchase fund, so the contract for the chipper can be signed.

Mehelic's attorney, H. Carl Runge, is to prepare the contract.

The agreement is being made as an emergency purchase, so competitive bidding is not required. However, prices were checked at three companies, and Outdoor Equipment Co. had the lowest price, board members were told.

The price from Outdoor Equipment Co., St. Louis, is \$10,600 for a new chipper.

A resident of Harrison Street explained a drainage problem in her block and the problems she had trying to improve the drainage. Clarine Coggins contended a culvert is bent closed on both ends and trash has built up in the ditches.

She said she has called Mehelic about the problem, but he says the problem was caused by the contractor for the new sanitary sewers installed in the township, and the contractor should be responsible for repairing the damage.

Town Clerk Douglas Teeter said the blocked drainage should be considered an emergency, due to anticipated fall rains, and he asked Mehelic if he would work with the sewer contractor and attempt to resolve the problem.

Mehelic did have his crews open both ends of the culvert Tuesday morning, but the trash remains in the ditch.

A letter was read from Runge asking the board to deposit \$158 from the sale of scrap iron into the highway department's road and bridge fund.

Scrap iron from demolition of a bridge near Arlington Heights was sold to Luria Brothers. It was noted that the check was the second to the board from the sale of scrap iron.

Formerly the money

raised through selling scrap was put into a non-official fund for miscellaneous department expenses, one official said.

A letter was read from the U.S. Census Bureau, in which the board was told no discrepancies were found in a review of the preliminary census data for Nameoki Township. Township officials requested the review, saying they believe the census figure is lower than the actual population.

The letter suggested the township take no further action until after the final census report is issued. Another complaint can be registered at that time.

Macclair Asphalt Co. was the only bidder on a Community Development project to make two roads in Eagle Park Acres, south of Madison, permanent roads.

A contract was awarded for \$25,036 for the work.

The board was told that the tornado warning system for Arlington Heights and Holiday Mobile Home Park has been installed, but is not working properly.

A booster on the wire from the Long Lake Fire Department to the siren should put it in working order, and that should be installed in the near future, a spokesman said.

TWO PURSES STOLEN

Two purses containing credit cards were stolen from the auto of Pamela Berry, Godfrey, and Rebecka Frailey, Hartford, last week while the vehicle was parked at the Lewis and Clark Park near Illinois Route Three.

DAYS GONE BY. This picture postcard, postmarked in 1919, was found recently by Mrs. Lois Baumberger, 2449 E. 25th St., while she was searching through an old trunk in the basement which had belonged to her late mother. The photograph shows "The Palace," the Niedringhaus brothers' 5 and 10 store, which was in downtown Granite City.

Injury in 5-car crash

One person was injured in a five-car collision last week on Illinois 157 and Interstate 64 near Collinsville.

Taken to Memorial Hospital in Belleville by Collinsville Fire Department ambulance was William White, 45, of Ellington, Mo. He was a passenger in a car driven by Wanda Arnold, 36, Granite City.

According to Caseyville police, Timothy Murphy, 18, 2716 Black Lane, State Park, Ill., was northbound on 157 about 1:45 p.m. when he said a car cut in front of him to turn left onto the interstate.

Murphy swerved and struck a car driven by Wanda Arnold. Her car then struck a car driven by Gary McCoy, 38, Belleville, and a

boat being towed by a pickup driven by Claude Boyer, 45, Caseyville.

A car driven by Mark Sanker, 45, Aviston, was also struck, but Sanker was uncertain which vehicle hit it.

ARREST AFTER CRASH

A 16-year-old Kirkpatrick Homes boy was charged with reckless driving and driving without a license during the weekend after a car he was operating backed against the right rear of the parked truck of Steven Rippee, 2407 Kirkpatrick, in the 1800 block of Kirkpatrick.

Tighter control of persons 'innocent due to insanity'

Governor James R. Thompson has signed legislation establishing standards of control over persons found innocent of crimes by reason of insanity.

Sponsored by the House Committee on Judiciary II, House Bill 1010 provides that a person acquitted by reason of insanity to be evaluated by the Department of Mental Health and Developmental Disabilities.

The evaluation will determine if the individual is in need of involuntary admission for mental health services or if the individual is in need of inpatient or outpatient care.

"This bill, while not altering a defendant's ability to plead innocent by reason of insanity, allows authorities to maintain somewhat better control over an individual who has been acquitted due to insanity," the governor said. The new law is effective immediately.

FIRE PREVENTION

Partners in Fire Prevention, the theme of Fire Prevention Week 1980 (Oct. 5-11), calls attention to the necessity for everyone to "think fire safety." The individual and the family are being urged to keep their residence as fire-safe as possible and follow recommendations of the fire department.

Tips include: keep accumulations of burnables at a minimum; keep hot pans and small appliances out of the reach of young children; keep lamp and appliance cords in good condition; use only the proper size fuses in the fuse box; if anyone in the house smokes, provide large, steady ashtrays; do not smoke in bed or smoke while relaxing in an easy chair or on the couch.

Jim Stack resigns from city position

Assistant Granite City Inspector Jim Stack Jr. has resigned his post to accept a job in private industry, the Granite City Council was told Tuesday night.

In his resignation letter to Mayor Paul Schuler, Stack said, "I wish to thank you and your administration for the opportunity and experience of working for the city."

The resignation was effective Friday, Sept. 19.

Alderman Sam Whitmer of the Second Ward, who has been critical of Stack's position, saying he did not feel the city inspector needed two assistants, asked Schuler not to name a replacement for Stack until it can be determined whether the position is needed. Schuler agreed to withhold making any appointment.

Stack was appointed in February, 1976, as assistant

street superintendent until political differences made it necessary to move him into the inspection department, where he was named one of two assistant city inspectors in September of 1979.

In other personnel action Tuesday night, the council agreed to retain Michael Gachig as a police dispatcher when his current funding through the CETA program expires Nov. 1. His salary of \$832 per month will

be assumed by the city at that time.

The hiring was recommended by Chief of Police Ronald J. Veizer, who told the council Gachig has had perfect attendance since he started May 25, 1979, and concluded, "He is an exceptional employee."

Obituaries

Alonzo Boker

Alonzo C. Boker, 79, of 704 N. Maple, Christopher, Ill., formerly of Granite City, died at 1:10 a.m. Wednesday, Sept. 24, 1980, at Jewish Hospital, St. Louis.

He had been admitted to a hospital in Benton, Ill., on Saturday and transferred to the St. Louis facility on Tuesday.

Born in Delhi, Ill., Mr. Boker was a resident of Granite City for 50 years and moved to his present address 18 years.

While residing here, Mr. Boker worked as a core finisher at American Steel Foundries for 42 years before he retired in 1963.

He was of the Presbyterian faith and also belonged to the Farm Bureau.

Survivors include his wife, Mrs. Edith Boker; two daughters, Mrs. Harriett Glasgow, Granite City and Mrs. Ruth Randall, Collinsville; six sons, Thomas Boker, Granite City, Robert Boker, Kane, Ill., William Boker, Shiloh, Ill., Clifford Boker, High Ridge, Mo., and John Boker, Christopher, Ill.; two stepsons, Glen and John Hobbs both of Christopher; 33 grandchildren and eight great-grandchildren.

Visitation will be from 7 to 9 p.m. today at Gilbert Funeral Home, Christopher. Services will be held at 11 a.m. Friday, Sept. 26. Graveside services will be conducted at 3 p.m. Friday at St. John Cemetery, 2901 Nameoki Road.

a.m. Friday, Sept. 26. Burial will be in Valley View Cemetery, Edwardsville Township. The family requests memorial to the American Heart Association.

Robert Love

Robert T. Love, 70, of 2328 Marshall Ave., a 56-year resident of Granite City, died at his home at 1 p.m. Monday, Sept. 22, 1980, after suffering an apparent heart attack.

He was pronounced dead by Madison County Deputy Coroner Randall A. Irwin.

Mr. Love retired last Jan. 31, from Granite City Steel.

He had been employed 30 years at the steel plant and retired as a coke car operator in the Blast Furnace Division.

Mr. Love was born in Moberly, Mo. He moved to Granite City as a youth of 14.

Among the survivors are his wife, Mrs. Frances Love; three daughters, Mrs. Neil (Diane) Detweiler and Mrs. Joyce Denson, both of Granite City, and Mrs. Ernie (Barbara) Acree of Belle Haven, Va.; 12 grandchildren and five great-grandchildren.

Services were held at 11 a.m. today, Sept. 25, at Randall A. Irwin Chapel for Funerals, 2801 Madison Ave., with the Rev. David Fielding officiating.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

Raymond Vaughn

Raymond S. Vaughn Sr., 75, of 2901 Faith Ave., was stricken while attending services at City Temple Assembly of God Church, 4751 Maryville Road, and was taken by ambulance to St. Elizabeth Medical Center where he was pronounced dead upon arrival at 8:05 p.m. Wednesday, Sept. 24, 1980.

He had been in ill health for five years.

Mr. Vaughn was born in Carbondale, Ill., and had resided in Granite City for 55 years.

He retired in January 1971 as a foreman in the power house of General Steel Industries after 45 years of service.

Mr. Vaughn was a member of City Temple Assembly of God Church.

Survivors include his wife, Mrs. Hazel (Settles) Vaughn; two sons, Darrell Vaughn, Granite City, and Raymond S. Vaughn Jr., High Ridge, Mo.; a daughter, Mrs. Gary (Roma) Ballard, Waverly, Va.; 13 grandchildren and three great-grandchildren.

Funeral arrangements are pending at Mercer Mortuary, 1416 Niedringhaus Ave. For details call 876-4321.

Harold Weckman

Harold E. Weckman, 54, of Vichy, Mo., formerly of Collinsville, died in Barnes Hospital, St. Louis, at 6:35 a.m. Monday, Sept. 22, 1980.

He had been ill for the past several weeks.

Born in Glen Carbon, he lived in Collinsville until two years ago when he moved to Vichy.

He was a retired civil service employee with 35 years service.

An army veteran of World War II, he was also a member of the Honorable Order of Kentucky Colonels.

He is survived by two brothers, Richard Weckman of Granite City and Glenn Weckman of Collinsville; two sisters, Mrs. Glen (Betty) Masters and Mrs. David (Marian) Hill both of Granite City.

He was preceded in death in April 1979 by a brother, Milton Weckman.

Funeral services were held at 10 a.m. today, Thursday, Sept. 25, at Herr Funeral Home, 501 W. Main St., Collinsville. Burial was in the Glen Carbon Cemetery.

Wayne Cline

Wayne A. Cline Sr., 58, of Edwardsville, a retired Granite City Steel employee, died at 8 p.m. Sunday, Sept. 21, 1980, at St. Elizabeth Medical Center, where he had been a patient for three months.

He worked as an electrician for 30 years at Consolidated Aluminum Corp. Survivors include his wife, Mrs. Kathleen Senak, one daughter, Mrs. Paula Hubbard, St. Louis; a son, Mark Senak, New York, N.Y.; one brother, Mike Senak, San Francisco, Calif.; two sisters, Miss Eve Senak and Mrs. Julia Hansen, both of St. Louis.

Funeral services were conducted at 11 a.m. today, Sept. 25, at Union Mortuary, Bend, Ill., with burial in Bend Cemetery.

Peter Senak

Peter Senak, 61, a 30-year resident of Granite City, died at 8 p.m. Sunday, Sept. 21, 1980, at St. Elizabeth Medical Center, where he had been a patient for three months.

He worked as an electrician for 30 years at Consolidated Aluminum Corp. Survivors include his wife, Mrs. Kathleen Senak, one daughter, Mrs. Paula Hubbard, St. Louis; a son, Mark Senak, New York, N.Y.; one brother, Mike Senak, San Francisco, Calif.; two sisters, Miss Eve Senak and Mrs. Julia Hansen, both of St. Louis.

Funeral services were conducted at 11 a.m. today, Sept. 25, at Union Mortuary, Bend, Ill., with burial in Bend Cemetery.

\$10,000 fire; suspect arson

Arson or vandalism are suspected as possible causes of a fire which caused an estimated \$10,000 damage to a vacant house at 704 Twenty-ninth Place at 10:15 p.m. Monday.

The house is owned by Ronald and Catherine Bailey, who were in the process of selling it to Eastlands, Inc., according to official reports.

Firemen were on the scene one hour and 25 minutes.

Downtown development plan is taking shape

The progress in planning an overall downtown improvement plan for Granite City using a new tax increment financing method was the subject of a caucus prior to Tuesday night's Granite City Council meeting.

David Nolan, administrative assistant to Mayor Paul Schuler, said a joint committee composed of the Chamber of Commerce's downtown development committee and of the city's rehabilitation board, are working on an overall program to improve the downtown area.

The general program target area has been targeted as the city's central business district, and the committee is trying to put together a project and plan for the area, Nolan said.

Tax increment financing is a method of "freezing" the tax base of a target area for a specified period of time, such as five or 10 years, and then using the difference in taxes between the level of the frozen district and the actual valuation to repay bonds used for parking garages, new sidewalks or other improvements related to the target area.

The committee also is considering "people movers" from parking lots to the city's central shopping core, a parking garage, new sidewalks and decorative lighting, benches and other improvements to make it more enjoyable shopping in downtown Granite City, Nolan said.

The committee also is considering arranging a bus tour of local downtown rehabilitation projects and possibly going to Decatur, Ga., to see a commercial establishment, or a combination of the two.

The program also is considering "people movers" from parking lots to the city's central shopping core, a parking garage, new sidewalks and decorative lighting, benches and other improvements to make it more enjoyable shopping in downtown Granite City, Nolan said.

Births

Births recorded at St. Elizabeth Medical Center include:

BOYS

Mr. and Mrs. Richard Burkey, 5118 Lakeview Drive, Sept. 22, Eric Thomas, seven pounds, 10 ounces.

Mr. and Mrs. Edward Pudge, 122 Kerr St., Venice, Sept. 23, Jamie Lee, nine pounds, nine ounces.

Mr. and Mrs. Willie Turner, 135 Garascho Homes, Sept. 23, Willie Rufus Jr., five pounds, 10 ounces.

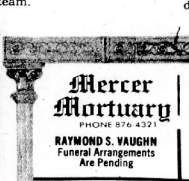

Mr. and Mrs. Medford Adams, 2330 Twenty-fourth St., Sept. 24, six pounds.

Venice teachers, board at impasse on contract

Informational picketing outside the Venice Public Schools by members of the American Federation of Teachers, Venice Local 965, is continuing this morning.

The faculty members have been walking the informational picket line since Monday.

A group of teachers attended Monday night's meeting of the Venice Board of Education, but board members declined to accede to union request for a meeting with the entire board and voted to keep the contract talks between negotiating teams representing the district and union.

The 1979-80 contract between the Venice School District and Teachers Local 965 expired June 30. It had been ratified only last November.

The teachers, however, returned to the classroom Aug. 25, despite the lack of a

working agreement.

The board presented a proposed agreement to the union two weeks ago. But the proposal was rejected by the local membership at a meeting Sept. 16, according to Mariann Hay, Local 965 president.

Robert N. Vickers, Venice superintendent of schools, expressed concern the teachers had started informational picketing Monday morning, prior to the board meeting that same night.

He said he had included a notice of the union's rejection of the board's proposal and a request to meet with the entire board in an agenda packet.

The packet was sent out to board members late last week for their study before Monday's session.

He said the board had not had time to discuss the union's rejection and the teachers did not make a

counter offer before the picketing began.

Mrs. Hay said Local 965 members voted to place informational pickets at the school for three reasons.

"We sensed we were at an impasse in the contract talks and we wanted to appeal to the board to reconsider their final offer."

"We also wanted the community to be aware of the problem," the union officer said.

"It has been such a long time (since the talks started), but we still are hopeful for a reasonable settlement soon," Mrs. Hay said.

Contract negotiations have been going on most of the summer.

Both Supt. Vickers and Mrs. Hay said communication remains open between the two sides and they expect to talk to continue.

The union president said a negotiating session is scheduled Monday, Sept. 29.

The resignation of James E. Turner from the Venice Board of Education was announced at Monday night's board meeting.

Turner, 22, was elected to a three-year term on the board in April 1979. He graduated this summer with a bachelor's degree from Park's College and is continuing his education toward a master's degree at Southern Illinois University at Edwardsville, he stated in a letter to the board.

An appointment to fill the vacancy will be made at a later date, Board President Jack Tolliver said.

In other action, the board authorized anticipation warrants amounting to \$288,000 from the education fund and \$40,000 from the building fund.

Three people hired and assigned to the Venice-Lincoln Technical Center were Elizabeth Lewin, a reading specialist, Gary Skaggs, an auto mechanics instructor, and Gladys McIntyre, a four-hour cook.

Beatrice Wigfall was employed as head cook at the

Venice Public Schools and Darlene Deloach as substitute cook.

Also hired for the Venice schools were Dollaree Glasper and Mary White as Title VI aides.

The resignation of Mrs. Betty Wallace, who was head cook for over 10 years, and Louis Martin, a bus driver and custodial assistant, also were accepted.

Plastic bowl starts fire

A plastic bowl which got too close to a heating element on the stove at the home of Donald Conover, 3048 Mockingbird Lane, burst into flames about 7:45 p.m. Monday and caught the kitchen cabinets on fire.

By the time Granite City firemen were able to extinguish the kitchen blaze, it had caused \$2,000 damage to the home's contents and about \$2,500 damage to the building.

Firemen were on the scene 45 minutes.

Maeras, Cooper and Stoller appeals heard in Chicago

The Seventh U.S. Court of Appeals in Chicago heard oral arguments yesterday as they took the appeals under consideration of former Madison County sheriff John Maeras, his former chief of field operations, Capt. John Cooper of Granite City, and fund-raiser Leland Stoller of Nashville, Tenn.

Maeras and Cooper were convicted in federal court in Alton Feb. 25, 1979, of 23 counts of a federal racketeering indictment alleging kickbacks from towing companies, misuse of the mails and telephones for illegal fund-

raising and violations of the RICO (Racketeer Influenced Corrupt Organization) statute.

They have been sentenced to serve 15 years in prison and are appealing the convictions and the sentences.

Stoller was found guilty of one count of racketeering and 18 counts of fraud in connection with fund-raising activities for the now-disbanded Madison County Deputy Sheriff's Association. He has been sentenced to serve three years in prison.

The appellate court is not expected to reach a decision

on the appeal for at least a month and Bruce Cook, attorney for Maeras, estimated it could take four to five months for the court to digest the lengthy appeal.

Asked what the main points of the appeal were, Cook responded, "They are just too numerous to get into."

He said that he, Stoller's attorney, Michael Costello, and Cooper's attorney, H. Carl Runge, presented oral arguments before the appeals court yesterday, as did representatives for the U.S. government. The defendants were not present for the hearing.

GC Council upholds zoning for Moose, State Savings

The Granite City Council Tuesday night upheld the recommendations of the city's Plan Commission on construction of a new Moose Lodge, a new building for State Loan & Savings, and an industrial park with laundry terminal building.

Alderman Mac Warfield of the Sixth Ward was asked if he wanted a Moose Lodge on Maryville road, just south of the present city limits, presently an undeveloped area, and Warfield responded, "We are glad they are coming to the ward. We welcome them."

The council agreed to annex the 10 acres and zone it for the lodge. The property includes 315 feet of frontage onto Maryville Road and the club plans to provide a park, a ball diamond and landscaping around the lodge building.

State Savings and Loan was granted C-1 commercial zoning for 3802-3804 Nameoki Road, but with the stipulation added that it be used only to construct a new main office for State Savings and Loan. Failure to build that structure will cause the property to automatically revert back to its former zoning of R-2 for single-family residential use.

The institution is planning to construct a one-story structure for a main office, and to maintain their current office as a second facility. The council also concurred with a request by Leon Scroggins, attorney for the Three-D Corp., (Dave, Dan

and Donald Partney Jr.) to develop an eight-acre Donald Partney Sr. Industrial Park at the corner of Route 3 and Rock Road.

Means Service will lease one acre for an office and drop-off facility for its uniform cleaning business. There would be no laundering done on the premises, the aldermen were told.

Boris Elieff was granted rezoning of C-2 commercial property at 3709-3713 Nameoki Road to R-2 residential. He said the rezoning would provide a tax break.

A request by Jim Jeffries, representing the owner of 2200 E. 24th St., for continuation of non-conforming commercial use of the property to continue a water softening business on the first floor of the building also was approved. The property has been in business use before the city's first zoning ordinance was adopted and has been used almost continuously for business since then, qualifying it for non-conforming use zoning.

The council concurred in the Plan Commission's recommendation that Cecil Simpson, 2903 Buxton Ave., be granted R-4 zoning to construct a duplex.

On the recommendation of the Plan Commission, the council denied C-1 com-

mercial zoning to Mickey Loftus to operate a restaurant at 3000 Buxton Ave. The building formerly was used as an upholstery shop under a non-conforming use classification.

The council was told that he planned to put 25 tables in the restaurant and that neighbors objected to a lack of parking, traffic congestion, air and noise pollution, the possibility of patron disturbances, litter problems and the serving of liquor on the premises.

No action was taken on a request by Virgil Kirksey for R-3 zoning at 2123 Pontoon Road to construct a two-story apartment unit. None of the area residents had been contacted prior to the Plan Commission's meeting, so the commissioners voted to withhold a recommendation until the request can be studied at the commission's October meeting.

The council did concur with a recommendation to annex Lot 7 of Town and Country East into the city. It also concurred with the recommendations of the Zoning Board of Appeals allowing Edward Rickett to construct a garage three feet from the side property line at 2561 Lynch Ave., and Wanda Lear to construct a garage next to the side property line at 100 Wilson Park Lane.

Disturbance on Grand; man arrested

Clair Eugene McCallister, 25, of 2129 Benton St., was charged with resisting arrest, resisting a police officer and disorderly conduct after a disturbance in the 2100 block of Grand Avenue at 9:20 p.m. Tuesday.

Police noticed a crowd in the front yard at 2113 Grand Avenue and saw one man trying to restrain another. The occupant said the men came onto her property uninvited and refused to leave.

Police told everyone to leave and the two men allegedly went to a yard next to the parking lot of the Longbranch Tavern, Grand and Niedringhaus avenues, where one, allegedly McCallister, yelled insults at police officers.

He was again ordered to leave, but refused and threatened to beat an officer, it was alleged. After several warnings from officers, he allegedly said officers couldn't arrest him and was told he was under arrest.

Minimum force had to be used as he allegedly tried to pull away when police were handcuffing him. During the struggle, a group of persons came out of the tavern and additional police cars were summoned to help with the crowd, officers said.

New park in State Park nearly ready

By RICK PEARSON
Residents of State Park may be able to enjoy the first stages of their new park within two weeks, according to a Nameoki Township official. The park is located on Black Lane Road, north of U.S. Business 40.

TAVERN BURLARIZED

A microwave oven, four bottles of liquor and a case of beer were taken by a burglar at the Hideout Tavern on Cloverleaf Avenue in the Madison area south of Madison, authorities were notified last week. The intruder took coins from a jukebox, pool table and foosball table, and the money and loot are estimated to total \$843.

picnic tables is under way, according to Robert Holder, administrative aide for the township. Holder said the park could be ready for residents by Oct. 4.

The park costing approximately \$26,000 in Community Development funds, will feature a sand-box-type playground area with tire swings and a balance beam. Holder said trees on the land will be retained to provide shade for persons who plan to picnic there.

Biggest feature of the new park will be a tennis court. Holder said its completion would occur near mid-November.

Last week, much of this week, Manpower workers assigned to the township are constructing the playground equipment

and transferring it to the site. Much of the equipment is made out of old tires. This Holder said, will decrease vandalism and reduce replacement expenses. Old tires are easy to replace and will take the rugged use associated with playground equipment, he said.

CETA workers employed by the township highway commissioner, removed

trash from the park site last week to prepare it for the playground equipment. Holder said two plans were prepared for the site. Residents of the area attended a public hearing and chose the proposal containing the tennis court, instead of a proposal which emphasized the "naturalness" of the site, he said.

New fitness classes at 'Y'

The Tri-City Area YMCA has announced that it will offer four new sessions of Fitness Fantasia (aerobic dance) starting in October. Lucy Tueth will instruct a Monday-Wednesday morning class from 10:41 a.m. and also a Monday-Wednesday evening class from 7-8 p.m., starting Oct. 6.

Tuesday-Thursday evening classes, taught by Elaine Svezia, will meet at 7 and 8 p.m., starting Oct. 7. All classes meet for eight weeks. "Fitness Fantasia is a fun way to achieve total fitness," Lucy Tueth said.

"All movements have been

carefully selected to offer a total fitness program which includes a completely choreographed exercise routine to music, tips on how to lose fat, and how to determine individual training zones for fitness," she added.

The cost of the eight week program is \$20 for YMCA members, and \$30 for non-members. Enrollment is limited in each class, and will be taken on a first-come, first-serve basis. Registration fees must be paid at least one week prior to the first class at the Y or by mail.

Arrest follows scuffle in GC police building

Jack Illies, 24, of 1810 August St., Apt. 7, was charged in state complaints with assault, resisting arrest and disorderly conduct after he allegedly struggled with policemen in the lobby of the police building at 1 p.m. Monday.

Illies had reported Sunday that someone had fired bullets at his car, damaging the car. Monday, he went to the police building and accused police of failing to investigate the incident properly. It was reported. Detective Jerry Wilson said he was talking to Illies about the investigation when Illies allegedly lunged and hit him. He was warned to be quiet or face arrest, but refused, Wilson alleged.

When told he was under arrest, Illies allegedly struggled with four officers and tried to strike Wilson.

Force was used to subdue Illies and he was booked and lodged, officers said. He was released at 8:50 p.m. Monday on \$302 cash bond and at 10:15 p.m. Monday, he went to St. Elizabeth Medical Center, where he was treated for an abrasion to his forehead and he was released.

Rename Harris to district post

Earl Harris, of A-H Sales Co. of Granite City has been re-elected a district director of the National Buying Syndicate (NBS), of Fort Worth, Texas. It was announced by E. Claude Manning, chairman of the NBS board.

For organizational purposes the United States is divided into five districts. District III, in which Harris is a director, is comprised of Illinois, Indiana, Iowa, Kansas, Kentucky, Minnesota, Missouri, Nebraska, North and South Dakota and Wisconsin.

District directors are elected by their colleagues to a two-year term and must attend the national board meetings of NBS.

There are over 507 stores in 43 states and Canada affiliated with NBS.

TEENAGERS ARRESTED

Robert Johnson, 17, of 620 Astland Ave., Mitchell, was charged with possessing an open beer can in an auto parked on the shoulder at 28th Street and Madison Avenue last week. A boy, 16, was arrested for possessing an open beer can and a marijuana cigarette.

Certificate of error process may cost taxpayers \$100,000

Processing of certificates of error could cost Madison County taxpayers more than \$100,000, according to an estimate by one county official.

Evelyn Bowles, county clerk, said Friday she estimates a cost to taxpayers of at least \$10 per application for the certificates of error. Miss Bowles said late last week that more than 8,000 applications had been filed and said she expects many more to be filed.

A rush for certificates of error occurred this year for two reasons. County officials are letting property owners who missed the deadline for

exemptions on their assessments file late for the exemptions.

Also, many property owners found that their tax bills did not include the exemption they had filed for. Officials said not all exemptions were entered into the computer which distributes tax bills.

A new system, recommended by a Madison County grand jury, has been instituted to process the certificates of error. The system now treats each application as an individual court case, Bowles said.

"I haven't made any estimate at all in my office,

but it's easily costing taxpayers more than \$10 apiece," Miss Bowles said of the applications. "There are four people alone working on them in my office."

She said she was keeping a record of labor time involved in the processing at her office and said other county offices were doing the same.

Besides the local and county assessor's office, the county clerk, state's attorney's office, the board of review and the treasurer's office are involved in the application process. Judges are also involved in the certification process, Miss Bowles said.

Redmond to speak

William A. Redmond (D-Bensenville), speaker of the Illinois House of Representatives, will be the featured guest at the annual Collinsville Democratic Committee dinner Sunday, Sept. 28, at 6:30 p.m. at the VFW Hall, 1234 Vandalia, Collinsville.

Tickets for the dinner are available from Democratic committeemen or at the door on the night of the dinner.

"This is not a fund raising dinner for politicians," stressed dinner chairman William Rekowski. "This is an opportunity for the average person in Madison County who does not get involved in politics to hear the leading legislator in Illinois discuss the important issues facing this state."

Redmond is knowledgeable about state government, as only a person with 21 years' experience in Springfield can be.

Redmond is an opponent of the proposal for a smaller Illinois House.

A Navy World War II veteran, he was discharged with the rank of lieutenant commander. He served as a village attorney before being elected to the 71st General Assembly in 1959.

Selected by the House to serve as speaker in 1975, he has held that post ever since. Redmond is also chairman of the House Rules Committee.

MARIJUANA CHARGE

Ernie H. Edwards, 26, of 2616 Center St., was arrested in the 1400 block of Niedringhaus Avenue at 5:05 p.m. Monday on a warrant alleging failure to appear in court on a charge of criminal damage to property. While he was being placed in the squad car, he allegedly crumpled up a cigarette package from his shirt pocket and was about to throw it on the ground when the arresting officer grabbed it and opened it. The officer alleged finding one marijuana cigarette inside. He also was charged with possessing marijuana and was released on \$135 cash bond.

ARREST BY DEPUTIES

Madison County Sheriff deputies charged Daniel J. Smith, 25, Centalla, with possession of cannabis last week on the property of an equipment company at 1017 E. Chain of Rocks Road, Mitchell.

COUNTRY-GOSPEL jazz, folk, classical and pop merge into the music ministry of a group called "Witness." Alen DeCamp, left, and Paul Zellers, of Kansas City, Kan. The pair will be guests at the First Assembly of God Church, 24th Street and Grand Avenue, at 6:30 p.m. Sunday.

Permits for 3 mobile homes okayed by county

The Madison County Board has granted special use permits for the placement of three mobile homes and a variance for construction of a garage, all in Quad-City area townships.

The garage, which is to be placed one foot from the side lot line, is to be constructed at 4517 Vine St., Miracle Manor. Sonja Sealey requested the variance from county ordinances which set the minimum set-back for garages at 7.1 feet in an R-4 single-family residential district.

Ray M. Pulley was granted a permit to place a mobile home at 200 McCambridge Ave., in Nameoki Township, for up to five years and for the sole occupancy of the Pulley family.

A permit was granted to Merl Delores and Bertha McCullough to place a mobile home at 4719 Wacker Ave., in Nameoki Township, for the duration of the lifetime of Bertha McCullough and for her sole occupancy.

Robert Fuhrman was granted a permit to place a mobile home at Collinsville and Central avenues in the Cloverleaf Addition, Nameoki Township, for the sole occupancy of his family for up to five years.

Also granted was a permit to Louis King to replace a single-wide mobile home at Box 797, Franko Lane, Chouteau Township, with a double-wide mobile home, for the sole occupancy of the

King family for up to five years.

The requests were granted on the recommendation of the county's Board of Zoning Appeals, following on-site public hearings.

ATTEND PRUDENTIAL REGIONAL MEETING

Twelve representatives of Prudential's Granite City district agency, 10 Nameoki Village Shopping Center, attended the company's regional business conference at the Opryland Hotel in Nashville, Tenn.

Representing the district were: Jim Markey, acting district manager; Edd Moskov and Rick Rehg, sales managers; and Mike Beasley, Wayne Bradshaw, Stan Brown, Ray Farmer Jr., Paul Hollis, Ken Neukam, Gary Purdy, Bill Weathers and Bennie Woods, agents.

Representatives from Prudential agencies in Illinois and Indiana attended the three-day conference, which featured new developments in estate planning, business insurance, pension planning and property and casualty insurance.

RECORDER STOLEN

Charles Steptoe, a staff member at Madison High School, discovered that a tape recorder, valued at \$90 was stolen last week from the school.

Orthodox retreat open to public

The Rev. Thomas Succarotti, pastor of the Nativity of the Virgin Mary Church, Madison, is chairman of a retreat Saturday of orthodox clergy and laity of the greater St. Louis area.

The event will begin at 9 a.m. at St. Michael's Archangel Orthodox Church, 1901 Ann Ave., St. Louis.

The Very Rev. Thomas Hopko, assistant professor of Dogmatic Theology at St. Vladimir's Orthodox Theological Seminary, New York, will be the retreat speaker.

Rev. Hopko received his bachelor's degree from Fordham University, Masters degree from Duquesne University and his Master of Divinity from St. Vladimir's Seminary. He has been a lecturer both in this country and abroad, including giving the keynote opening address at a World Council of Churches Conference last year in France.

Recently, he was a speaker at the Conference on Spiritual Renewal for the Greek Orthodox Archdiocese held in Chicago. In addition, he has written numerous articles and books among which is "The Spirit of God".

REV. THOMAS HOPKO

published by Morehouse-Barlowe.

His topic will be the "Orthodox View of Salvation."

The retreat begins with a prayer service followed by a luncheon and discussion and ending with Vespers at 4 p.m.

The retreat is sponsored by St. Vladimir's Seminary Foundation.

The pastor of the host church, St. Michael's, is Rev. Paul Sawchuk who also is dean of the Orthodox churches of the greater St. Louis area under the jurisdiction of Orthodox Churches in America.

Economic recovery in state may be slow

By MIKE ELLIS
Although the Illinois unemployment rate decreased for the first time in four months during August, the state's jobless rate still outpaces that of the nation.

The August Illinois unemployment rate was down to 8.6 percent from the July rate of 9.8. The U.S. unemployment rate for August was 7.6 percent, down 2 percent from the previous month.

Unemployment remains at the highest rates in a decade. The next highest level cited in the comparison was during the 1974-75 recession.

Double-digit unemployment rates applied in 59 of the state's 102 counties in August, and three counties had rates exceeding 20 percent: 22.6, 22.5 and 21.5 percent for Pope, Hardin and Alexander counties, respectively.

A survey of Illinois economists and state officials blame layoffs in the steel, auto and construction industries for the state's continuing bleak employment picture.

The state economic slowdown was heavily reflected by other key indicators in the August Illinois economic data sheets.

Illinois' gross state product of \$78.8 billion, for example, was off by 4.3 percent for the first quarter of 1980, compared to the same period in 1979, when it totaled \$90.3 billion. The gross national product was up 1.2 percent for the same period.

Even though large non-residential construction is vigorous in some areas, such as Chicago, July construction contracts were off by 35 percent statewide compared to a year ago, and off 15 percent nationally.

May 1980 business incorporation figures, the latest available, declined 17.8 percent in Illinois, compared to a drop of 7.7 percent nationally.

Retail sales — unadjusted for inflation — declined by 6 percent statewide during June but rose 1.3 percent nationally as compared to figures of one year ago.

Chicago area retail sales were off by only 7 percent for the same period, however. Retail sales figures fell most dramatically in Springfield and Decatur — 4.9 and 4.5 percent, respectively.

Rockford and Quincy retail sales registered increases of 3.2 and 2.3, respectively. State officials attribute the decline in Decatur sales to the city's high unemployment rate of 15.9 percent.

Cash receipts from Illinois farm marketings for the three-month period of March through May 1980 were up by 8.8 percent, compared to a national climb of only 1.8 percent from 1979.

Illinois coal production registered 4 million tons in July, up 400,000 from July 1979.

Coal production this year in Illinois is about 10 percent ahead of 1979 figures. It continues at the present rate, it could exceed the peak 1972 production of 65.5 million tons, and approach the historic 1948 production levels.

Illinois ranks fifth in coal production behind Kentucky, West Virginia, Pennsylvania and Wyoming. The increase

in coal production is closely linked to out-of-state utilities switching from higher-priced oil to coal for electrical generating plants.

Some economists are convinced that the recession is drawing to a close, and encourage they cite is encouraging.

—Auto and housing sales appear to have reached bottom and are registering modest increases nationally.

—New factory orders for durable goods increased by 8.4 percent in July, the biggest jump in ten years.

—National retail sales climbed sharply in August for the third month in a row; and ended in July or August, the nation's lending institutions rose 18.4 percent in July as consumer confidence polls turned upward.

Courtesy Slater, the chief economist in the U.S. Department of Commerce, says the economic decline ended in July or August, and a recovery is under way.

However, Norman Robertson, chief economist

of Pittsburgh's Mellon Bank, is less optimistic and forecasts continued decline in the GNP, with a turn upward sometime during the period of October through December, giving the nation a 1980 GNP growth rate of about two percent.

If the recession did touch bottom in July, as Slater suggests, it would have lasted only six months, making it the shortest on record.

The recession "breathery record" is seven months, set in 1918-19.

GNP growth quarters during recession periods are not unprecedented and have occurred as interruptions in declining economic patterns as well as recovery signals.

The 1948-49 recession included one positive quarter, while the 1969-70 recession included two.

What the future of the economy — and the signals are confusing, mixed and conflicting — most economists expect a slow, weak recovery and continued inflation.

Many reputable analysts have been so badly burned by their forecasts in recent years that Mellon's Robertson admits, "I have a large pile of numbers here, all worthless."

Most economists agree, however, that continued tight government monetary policies — coupled with a broad tax cut in early 1981 for both individuals and business — are absolutely essential for a significant economic recovery to begin later in the year.

A recovery in Illinois will probably lag slightly behind a national economic upturn, since the state economic growth rate was behind the national rate even before the 1980 recession took hold.

Principal Jack Mulach presented faculty members and reviewed school plans for the coming year.

A representative from Southwestern Cable TV gave the program, explaining what services are being offered in the community.

Results of a book fair and the Halloween "fun night" were announced.

Linda Gordon, ways and means chairman, said the Halloween event is scheduled Friday, Oct. 17.

A "Santa's Secret Shop" also is being planned during

Maryville PTA starts new year

Maryville Parent-Teacher Association held its initial meeting of the 1980-81 school year last week at the school, with Linda Badger, president, introducing the new officers.

Those heading the PTA this year are: Ruth McCarty, vice president; Phyllis Pickrell, secretary; and Emily Hahn, treasurer.

Principal Jack Mulach presented faculty members and reviewed school plans for the coming year.

A representative from Southwestern Cable TV gave the program, explaining what services are being offered in the community.

Results of a book fair and the Halloween "fun night" were announced.

Linda Gordon, ways and means chairman, said the Halloween event is scheduled Friday, Oct. 17.

A "Santa's Secret Shop" also is being planned during

December. Mrs. Gordon advised.

Refreshments were served to conclude the meeting.

CONFERENCE OCT. 8 ON LABOR PANELS

The New Spirit of St. Louis Labor-Management Committee, with cooperation from the Federal Mediation and Conciliation Service, will conduct a conference on in-plant and industry-wide labor-management committees from 5 to 8:30 p.m. Oct. 8 at Southern Illinois University at Edwardsville.

Representatives of companies and unions in the Illinois portion of the metropolitan area have been issued special invitations.

Results of a book fair and the Halloween "fun night" were announced.

Linda Gordon, ways and means chairman, said the Halloween event is scheduled Friday, Oct. 17.

St. John Choir to present benefit

"With a Song in My Heart" will be presented by the Chancel Choir of St. John United Church of Christ, 2901 Nameoki Road, Saturday and Sunday, Sept. 27 and 28.

Tickets may be purchased at the door, \$2 for adults and \$1 for children.

The musical variety program will feature the Chancel Choir singing "With a Song in My Heart," "Carousell Medley," "Day by Day," and "Climb Ev'ry Mountain."

Members of the Chancel Choir who are participating in the program are sopranos Carol Chaboude, Dody Gaines, Bea Rittenhouse, Jennifer Sage, Judy Stille, June Stille, Veronica Suess, Marion Willard, Marie Wille, Nancy Wilson and Dolores Zeugin.

The public is invited to enjoy this evening of singing at St. John Church, 2901 Nameoki Road, Saturday, Sept. 27, at 7:30 p.m.

John Klees name 3rd son Jeffrey

Mr. and Mrs. John (Gail) Klees, 3236 Willow Ave., have chosen the name, Jeffrey Scott, for their third child.

The infant was born Sept. 11 at Oliver C. Anderson Hospital in Maryville. He weighed seven pounds, 15 ounces.

The couple's older children are Adam, 8, and David, 5.

Mr. and Mrs. John H. Klees of Granite City are the paternal grandparents and Mr. and Mrs. Samuel Klees of St. Petersburg, Fla., are the great-grandparents.

The maternal grandparents are Mr. and Mrs. Henry Richards of Granite City. Mrs. Vera Richards, also of this city, is the maternal great-grandmother.

"People Will Say We're in Love," Steve and Barb Suess, "Together Wherever We Go," Jennifer Sage and Angie Hamiltons, "I Can Do Anything," and Ken and Nancy Gaines, "Tea for Two."

Accompanists for the evenings' programs are Debbie Bluer, Nancy Gaines, Alan Milster, and Steve Suess. Stanley Fornasewski will be featured on the drums.

Proceeds from the benefit will be used for Project Accessibility, a large-scale building program at St. John Church designed to find the best method of making the church accessible to the handicapped and elderly. An elevator, a ramp, and a lift are all possible at this time, it was noted.

The public is invited to enjoy this evening of singing at St. John Church, 2901 Nameoki Road, Saturday, Sept. 27, at 7:30 p.m.

H & R BLOCK INCOME TAX COURSE BEGINS OCT. 6TH

Thousands of people with spare time are earning money as tax preparers at the growing field of Income Tax Service.

H & R BLOCK is offering a Basic Income Tax Course starting October 6th & 7th. There will be a choice of morning or evening classes. Classes will be held at convenient H & R BLOCK locations.

For 12 weeks students will study all areas of tax preparation and receive actual experience in preparing individual returns. Experienced Block personnel will teach current laws, theory and application as practiced in their offices coast to coast. There is a classroom lecture of each subject and practice problems at every level. The course is programmed to teach students increasingly complex tax subjects as study programs. Students find this course interesting and challenging.

Anyone may enroll. There are no restrictions or qualifications of any kind. The course is ideally suited for housewives, retired persons, teachers or anyone wanting to increase their tax knowledge.

While qualified graduates of the course will be offered job interviews, they are under no obligation to accept employment with H & R BLOCK.

The modest fee charged for this course includes all text-books, supplies and tax forms necessary for completion of the school. Certificates are awarded to all graduates. The course is licensed by the Illinois State Board of Education. Registration forms and brochures for the Income Tax Course may be obtained by contacting the H & R BLOCK office at 214 E. Main St., Belleville, Phone 877-4500.

Many changes in Illinois compensation, unemployment pay

Governor James R. Thompson has approved legislation intended to make improvements in the Illinois workers' compensation system and in the state's unemployment insurance system.

In approving House Bill 3250, Thompson called the legislation "an important first step to reform workers' compensation in Illinois for the benefit of workers, their jobs and the overall business climate."

"Future cost growth will be curbed in the areas of permanent partial disability, medical costs and legal fees."

"Also, the Department of Insurance and the Industrial Commission have sponsored hearings and task forces to develop administrative cost containment measures for businesses and insurance companies."

"This legislation will strengthen efforts by the Commission to make the arbitration and appeals processes more fair, con-

sistent and accountable — including the requirement of written decisions from arbitrators and commissioners, and the allowing of impartial medical testimony to improve the quality of decisions."

"However, there is still much that needs to be done to provide true reform."

"The General Assembly failed to mandate the Commission to adopt standards which would open up the Commission's practices to public debate and review, ultimately simplifying the arbitration process."

"Other areas such as compensation for pre-existing disabilities also remain to be addressed," the governor said.

"There are no winners or losers with this bill."

"Labor and management helped write these bills, with significant input from the General Assembly, whose members set aside politics to make these changes."

"This legislation does not provide the means to dramatically cut either costs or worker benefits. But it provides the means to curb cost growth in the future."

"I hope this legislation signals an era of cooperation in the General Assembly that will lead to healthier economy and more jobs for Illinois' working men and women," Thompson concluded.

The compromise measure was assembled by House Minority Leader George Ryan, Kankakee, and House Majority Leader Michael Madigan, Chicago.

It incorporated several elements of a bipartisan package sponsored by Senate President Philip Rock, Oak Park, Senate Minority Leader David Shapiro, Amboy, and Senators Aldo DeAngelis of Olympia Fields and James Donnewald of Breese.

In approving House Bill 2824, changing portions of the unemployment insurance system, the governor said, "This is the product of intensive negotiation and compromise in the legislature, working with the agreed bill committee and the Employment Security Advisory Board, which includes members from the ranks of the public, workers and employers."

"Both employees and business will benefit from their work."

Bill 3250 includes changes in Illinois workers' compensation system as follows:

1. A three-year freeze on ceilings for permanent loss of use.

Permanent partial disability benefits are paid after a worker returns to work as compensation for residual disability caused by an industrial mishap.

Illinois' maximum rates are the highest of any state. The freeze will allow other states to catch up to Illinois before the Illinois rates begin to grow anew with annual adjustments.

2. A requirement for written decisions from the Industrial Commission's commissioners and arbitrators. Written decisions are sought to clearly establish precedents, increase accountability, and provide guidance to petitioners and respondents about disability ranges and the criteria used in their determination.

3. A provision permitting the Commission to introduce impartial medical testimony subject to cross-examination. A ceiling of \$25 on doctors' testimony fees is removed.

4. A limit of two doctors plus their referrals and emergency care for an injured worker, "providing workers with sufficient options to seek desired care, but discouraging the unscrupulous actions of those who 'doctor shop'."

5. A provision that the Commission approve all contracts between claimants and their attorneys. Fees are limited to 20 percent of compensation paid in general. They are less than 20 percent in some cases and are not allowed at all for undisputed medical expenses or undisputed total temporary compensation.

6. A set of standards for determining partial hearing loss, to permit the Commission to address a case backlog accumulating since 1975.

7. A reduction in automatic

minimum awards for certain injuries, such as skull fractures and ruptured spleens. These awards are drastically reduced by 50 percent, but the opportunity remains to claim for disability in addition to the automatic award.

8. A formula for computation of average weekly wages to standardize the computation. Previously, certain workers received windfalls or penalties due to the characteristics of their employment, such as part-time, seasonal, or those with two jobs.

9. A requirement that the Industrial Commission and the Department of Insurance provide handbooks to inform workers and businesses of their rights, responsibilities, and procedures under the Illinois Workers' Compensation Act.

10. More control for employers over insurance coverage by requiring insurance companies to provide more information, thereby giving an opportunity to challenge and review the practices of insurable under the Act, such as employment as a strikebreaker.

B. A provision making employers who are responsible for compensable unemployment pay the tax liability of those employers from whom the same employee left voluntarily.

C. A change in the minimum weekly benefit amount from \$15 to 15 percent of the statewide average weekly wage, or approximately \$40.

D. A change in the amount an individual can earn from odd jobs while collecting benefits without deduction

from those benefits, from \$7 to 50 percent of the weekly benefit amount.

E. A reduction in the recoupment rate for overpayment which is not fraudulent, from 50 percent of the weekly benefit amount to 25 percent.

In a related action, Gov. Thompson applied an amendatory veto to Senate Bill 1726, sponsored by Donnewald and Rep. Richard Mautino, Springfield, which conforms language in the measure to that in House Bill 2824.

SB 1726 contains a provision required to conform with federal pension office equipment, without which Illinois stands to lose its 2.7 percent federal credit against the 3.4 percent unemployment insurance tax.

Health of the individual, or

in handling or disposing of hazardous wastes.

4. It makes a violation of the Act regarding hazardous waste disposal or abandonment a Class 4 felony, rather than a misdemeanor.

A Class 4 felony carries a sentence of one to three years in prison, followed by a year of mandatory supervised release. The prison sentence may double for a second conviction.

5. It earmarks 25 percent of the present fees (one cent per gallon, \$2.02 per cubic yard) from hazardous waste disposal into operators for the Hazardous Waste Research Fund.

Administered by the Illinois Institute of Natural Resources, the fund will be used for grants to develop new methods for recycling and recovery of hazardous wastes.

6. It permits expenditure of up to \$1 million for each incident for the clean-up of any site that poses a threat to public health or welfare.

More may be spent with specific legislative approval.

7. In expanding clean-up

provisions to include unpermitted, illegal sites, it provides that such expenditures shall be reimbursed to the fund from the general revenue fund by action of the General Assembly.

House Bill 3366 changes the Environmental Facilities Authority Act to allow industrial revenue bond financing by industries for equipment that reduces the generation of hazardous waste or that permits it to be recycled for re-use.

Alternatives to landfill disposal which would be encouraged under the measure include:

A. Changes in the manufacturing process to minimize the quantity of hazardous waste generated.

B. Modification of machinery networks to separate materials before they mix and become non-recoverable wastes.

C. De-watering of sludges to reduce volume and concentration.

D. Transfer of hazardous wastes from one industry for use as raw material or

feedstock in another.

E. Treatment or processing of wastes to recover usable materials or energy.

F. Physical, chemical or biological treatment to convert or neutralize hazardous wastes to non-hazardous wastes.

G. Incineration to recover energy and destroy hazardous components.

FOUR THEFT ARRESTS

Theft charges were filed during the weekend against Ronald Wallace, 20, of 805 Kirkpatrick Homes, Thomas

Beck, 17, of 1507 Kirkpatrick, Mike Orasco Jr., 17, of 1712

Sycamore Ave. and Patrick McGowan, 18, of 2666

Edwards St. Police allege the four took coins from a coin-operated auto vacuum machine at the Granite City Car Wash, 3633 Nameoki Road.

HENRY CRIPPEN, Pastor

Alert student

(Continued from Page 1)

Scaggs, called Gonwa after the fire to extend her appreciation to the school for training given to the children in preparation for such an incident.

Chris discovered that another youngster had turned on a burner on the stove which ignited a

skillet of grease. It was eventually smothered before it could do much damage to the home.

Guest speakers from the local fire department visit the city schools at various times throughout the school year to present fire prevention programs. At these programs

students are given booklets and other information to study and keep about fire safety and what to do in the event of a fire.

Chris obviously didn't throw his booklets away and his knowledge and actions proved invaluable to his sleeping family.

GC employees

(Continued from Page 1)

settle them, the employee could demand that the grievances be taken to a board made up of the mayor, the chairman of the street and alley and negotiating committees and the business agents of the three unions representing street department employees.

Alderman Whitmer said he opposed the grievance procedure change. "I don't feel the mayor and two council members should be on a grievance committee. If the elected department head is at an impasse, it should go to impartial arbitration."

Mayor Paul Schuler added, "I couldn't agree with you more."

Alderman Warren Decatur, a member of the negotiating committee, said the wording of the change came from the employees and not from the committee, but he stated, "It's nothing new." He said the old contract with the

street department said that employees could take disagreements to "the proper city representatives or the mayor."

Portell commented, "It is too many steps. I counted seven time consuming situations in a grievance. That is not necessary. There is nothing we haven't settled by arbitration with the people involved. It could get way out of proportion."

"I don't feel that this is the proper procedure. In the past, all legitimate grievances have been worked out. The others have been rejected. We could get way out on a limb on minor disagreements," he concluded.

Portell said a major disagreement in his office is that, "We hire people who become union representatives (shop stewards) and who negotiate union business which cuts into their city time. They should be working for the city on city time, and not for the unions."

Decatur said he did not feel the extra steps in the grievance procedure would ever be used and he supported the language of the agreement, noting that the street department employees have voted down several previous contract proposals. He noted the last night of negotiations finally ended at midnight with the agreement under consideration by the council.

Schuler said the aldermen could separate the pay raises from the grievance procedure and added that if the employees don't accept it, "they can go back to the bargaining table." Schuler said it will take a week or two to prepare the ordinances for the street and humane departments and secretaries' pay increases. The council then will vote on the new ordinances before those employees will receive their pay increases and retroactive checks.

Mobile restrictions

(Continued from Page 1)

and the third asked the council to revoke the permits for the mobile homes.

Alderman Fisk said he had been the victim of a similar deceit in his neighborhood when he was asked to sign a petition for placement of a mobile home near his house and believed it would be for an elderly relative of a neighbor.

"The mobile home then was rented to a family, several members of which had criminal records, and the family caused numerous disturbances in the neighborhood," Fisk said.

"I am asking for a new trailer (mobile home) permit ordinance,

similar to the county's, but stricter," he stated.

He also said it took years to get the mobile home tied down properly, in compliance with the city's mobile home rules. Alderman Roy Poulos stated, "If our building inspector was on the job, this wouldn't happen."

The council then heard the citizens' petitions to Papa, who said he would like to study all phases of the problem before making a recommendation what the council should do.

He and Assistant City Attorney Irving Slate Jr. also were asked to consider model ordinances regulating mobile home placements, including the county

ordinance, and bring in an ordinance for the council to consider.

Alderman Glen Sprankle of the Fourth Ward summarized, "When I first came on this council six years ago, we discussed (allowing) no new trailers. Now, here we are in the same ballgame. The proper place for trailers is in a trailer court."

It is not likely that a new ordinance regulating mobile home placements would affect any existing mobile homes in the city, since they would be protected by "a grandfather clause," and probably would be allowed to remain, officials said.

Grady White benefit dance set Monday

A benefit dance to aid the Grady White family of Granite City will be held Monday, Sept. 29, at the Croatian Home, 10th Street and Madison Avenue, Madison.

The Philthy McNasty Band will appear at the event from 7 p.m. until 12 midnight.

Howard Pinkley, a friend of the White family, is arranging the dance to help bolster the Grady White Family Fund.

Tickets costing \$7.50 each, may be obtained at all three Granite City fire stations and at Granite City Boat and Motor, Rural Route Two, Mitchell.

Vickie Griffith queen, Fernandez is escort at South homecoming

By MICK STRANGE

Vickie Griffith, 17, daughter of Mr. and Mrs. Walter E. Griffith, 2537 North St., is the Granite City High School South Homecoming Queen.

Chosen as her escort is David Fernandez, 17, son of Mr. and Mrs. Conrad Fernandez, 3306 Princeton Drive.

The queen and her court were seated at South Wednesday night.

Queen Griffith enjoys sports, particularly running track, dancing, horseback riding, swimming and playing tennis.

A senior at South, she plans to continue her education and pursue the field of dentistry.

Fernandez is on the varsity soccer team.

As a junior he was high school All American soccer player and since a freshman he has been an All State

soccer player. He is president of the GCHS South Letterman's Club.

Fernandez plans to go to college and enter a pre-medical course of study.

The Queen, her escort and court will be presented again today following the play "Job" which is to be presented at 7:30 p.m. in the Memorial Auditorium at South.

Members of the South Homecoming Court are: girls, Michelle Valencia, Becky Price, Christine Jenkins, Patricia Petrunich, Lori Sanders, Cathleen Moran, Denise Gode, Susan Squires, Wendy Kelly and Mary Pennell.

Boys are: Randy Miller, Randy Lupardus, Pat Theis, Michael Gitcho, David Hunnicutt, Thomas McGowan, Gene Scroggins, Thomas Longos, Patrick Collins, Jeff Colter and Don Keeling.

Arrest boy after stakeout

What detectives hoped would be the capture of a suspected marijuana seller behind Granite City High School South at 11:15 a.m. Tuesday failed when the boy managed to elude police. When he was captured minutes later, he had no marijuana in his possession. Officers said they had information the 16-year-old would be behind the school

Tuesday morning with marijuana for sale. They staked out the area until they saw the boy on a 10-speed bicycle.

As detectives approached, the boy (who police said is on probation for previous marijuana sales) recognized them and rode his bike east through the school property. Attempts to chase him in a police car were thwarted by

utility poles used to keep autos off the lawn, so one detective chased the bicycle on foot to the front of the school.

The 16-year-old rode across Nameoki Road near Jill Avenue and disappeared from the detective's sight. He was located minutes later at Jill and Myrtle avenues, but had no marijuana in his possession. He was charged with criminal trespass to the school property. Since he was on probation, he was taken to the Madison County Juvenile Detention Home and was lodged, pending an appearance before juvenile judges.

The area of his capture was searched for marijuana, but none was located, officers said.

SEMC board elects today

St. Elizabeth Medical Center Board of Trustees is electing officers for 1980-81 board terms at an annual meeting taking place at 1:15 p.m. today at the local medical center.

Positions to which trustees will be elected are those of vice-chairman and secretary-treasurer.

The retiring chairman of the 11-member board of trustees is Leo Konzen. Mitchell B. Milonski presently is secretary-treasurer.

Sister Mary Thomas, president of St. Elizabeth Medical Center and current vice chairman of the board, will assume the chairmanship.

No new appointments to the board are expected at this time, it was learned.

Registration periods continue through area

Six special voter registration periods still are to be held in the Quad-City area by the office of County Clerk Evelyn Bowles before the Oct. 7 registration deadline.

The special registration centers will be conducted as a convenience to newly qualified voters or those who need to make record changes, such as a change of name or address, to qualify as a voter in the November general election balloting. Miss Bowles said all registrations must be completed on Oct. 7.

A series of special registrations has been conducted throughout the area during August and September by deputy clerks.

The remaining special periods will be held at: Granite City (Trust) Bank 4 p.m. to 7 p.m., Sept. 26. Schnuck's Crossroads market, 10 a.m. to 6 p.m., Sept. 26. Green's Confectionery, Rock Road, noon to 6 p.m., Oct. 4. Madison City Hall, noon to 7 p.m., Sept. 27.

Pontoon Beach Village Hall, 3910 Highway 111, 10 a.m. to 5 p.m., Oct. 7.

Venice City Hall, noon to 7 p.m., Oct. 7.

Registrations also are being accepted daily until the Oct. 7 deadline at the office of City Clerk Robert Stevens in the city hall during regular office hours 9 a.m. to 5 p.m. Monday through Friday.

CASH, STAMPS GONE

BPW grants available

About 60 attended the Granite City Business and Professional Women's annual foundation dinner meeting held last week at the Granite City Army Installation.

The program was devoted to fellowships and grants available through the professional organization. A presentation was given by Sharon Beckett, club secretary, on the Celia M. Howard Fellowship, offered by the Illinois BPW Federation, which is available to qualified women pursuing careers in government, diplomacy, public management and law. The fellowship was named after Celia Howard, a strong supporter of the Business and Professional Women's organization, who served 40 years on the U.S. District Court and was the first woman ever to practice before the U.S. Supreme Court.

Although she was awarded a scholarship to Harvard Law School, Miss Howard was not permitted to use it, since Harvard was an all male school at that time.

The deadline for applications for the fellowship is Jan. 1, 1981, Mrs. Beckett said. She urged anyone interested in receiving additional information about it to contact a BPW officer.

Bob Bruecher, a representative from Southern Illinois University at Edwardsville, was introduced. He will be coordinating applicants wishing to attend SIUE on the grant, Mrs. Beckett advised.

Rosalie Stern, BPW president, conducted the business session.

An induction ceremony was held for Inge Modric, owner of Inge's Bridal Shop, who was escorted by Linda Irwin, sponsor.

Six club members were recognized for their efforts in sponsoring new members. Those receiving pins were Mrs. Irwin, Emylee Alford, Mrs. Stern, Florence Moore, Verna Lengyl and Anna Mae Gates.

In other business, final plans were reviewed for the club's fall style show, scheduled Sunday, Oct. 19, at 2 p.m. at Granite City Township Hall, 2060 Delmar Ave.

Entertainment for the show will include the Job's Daughters Bethel 43 Choir and the presentation of a

complete bridal party, it was announced.

Refreshments and prizes are planned and tickets may be obtained in advance from members, costing \$2 each. They also will be sold at the door Oct. 19.

Olle Derr, president-elect, said reservations are now being accepted for Women Involved Day, set Saturday, Oct. 25, at the township hall.

Keynote speaker will be Jean McCarrey, a past president of the National and Illinois Business and Professional Women's federations.

A panel discussion featuring guest speakers on topics pertinent to women and a luncheon also are part of the day's program, which is open to all area women and girls, Mrs. Derr said.

Further details may be secured by calling Mrs. Derr at 931-5500 or 931-2626.

Members voted to change a club rule by making a \$200 scholarship available to any qualified woman, particularly those living in the Quad-Cities, who is pursuing a career in a health-related field.

The grant is not restricted to club members, it was noted.

The October dinner meeting at Charlie's Restaurant was changed to Wednesday, Oct. 22, to conform to National Business and Professional Women's Week. The meeting usually is held on the third Wednesday of each month.

Dr. John Manda, vice-president in charge of Environmental Affairs at Granite City Steel, will be guest speaker.

Persons interested in attending may contact Betty Roberts at 931-3007 for reservations.

Week of music in the park to begin Oct. 6

Jazz, German music and Country & Western sounds will echo through the downtown area during the lunch hours the week of Oct. 6 to 10 for the first-ever "Mayor's Fall Music Gala," in Civic Park, which is surrounded by Niedringhaus and Delmar avenues and 20th Street.

The free music is being supplied by members of the Musician's Union, Local 717, through an agreement with Granite City Mayor Paul Schuler.

A different style of music will be offered each of the five weekdays, performed from about 11:30 a.m. to about 1:30 p.m., Schuler said.

Food and drinks will be available at reasonable prices, but anyone bringing his own lunch will be welcome, the mayor added.

"I sincerely hope the whole community can come for lunch or to sit and listen to the music being performed by the local musicians," Schuler concluded.

Registration is \$75, which includes all classroom materials. Deadline for registration is Oct. 1.

"Effective speaking is a vital skill necessary for any manager or salesperson whose job requires persuasive or informative presentations," Richard L. Stoppe, professor of speech communications, says.

"Promotion, advancement, recognition and achievement come to the person who can speak effectively."

Name poster child for Human Growth

Brian Wood, 5, the son of Gary and Connie Wood of Glen Carbon, has been selected as the 1980 poster child for the Human Growth Foundation, St. Louis Chapter, which is celebrating Human Growth Week this week.

Brian is to begin research treatment on the human growth hormone next January and it is hoped the treatment will be successful.

Jackie Smith, former football Cardinal, is the honorary chairman for Human Growth Week, which continues through Saturday, Sept. 27.

Two new city trash containers were stolen during the weekend from the rear of 1300 and 1304 Iowa St., Madison.

Lithuanian festival at area church

Movie cameras, cassette recorders and still cameras will be welcome at a day-long celebration of Lithuanian heritage, the first of its kind in this area. Sunday, Sept. 28, at Good Shepherd Lutheran Church, 111 Bridle Ridge Road, Collinsville.

Activities will begin with mission festival services at 7:45 and 10 a.m. The Rev. John William Jospait of Chicago will preach on "The Lithuanian Heritage," giving the history of the Christian church in Lithuania through the centuries in Europe and the New World, including its status under Marxism today.

The sermon will be preached in English. A Lithuanian solo by Mrs. Jospait as well as a Scripture reading and the benediction will be presented in the Lithuanian language.

A Lithuanian dinner will be served from 11 a.m. until 6 p.m. The menu includes pork sausage, kugelis (a potato dish), hot beet salad, sauerkraut and carrot casserole, baked red apples, Lithuanian sourdough rye bread, and apple strudel coffee cake for dessert.

The Tevisek Lithuanian Troupe from Chicago — 16

persons in native dress, accompanied by ethnic tunes and musical instruments — will perform from 11 a.m. to 12:30. The dancers will be under the direction of Sylvia Jurksaitis.

At 12:30, entertainment will be provided by the Community Civic Ballet, performing folk dances in costume under the direction of Mrs. Irene Gintautas of Caseyville.

Reinhold's Royal Bavarian Band will perform from 1 to 3 p.m.

There will be a display of Lithuanian artifacts, including sculpture, wood carvings, needlework and textiles, by Zig Grybnyas of O'Fallon.

The Balzekas Museum of Lithuanian Culture in Chicago will supply its traveling display unit. Film and slide presentations of the Lithuania of the past and today will be shown throughout the day.

Tickets for the meal are on sale at \$3.75 for adults and \$2 for children at Good Shepherd Church. The church is located at 1300 Belt Line at Bridle Ridge. The Rev. Dennis A. Kastens is pastor.

The Lithuanian congregation of Jerusalem Lutheran Church in Collinsville is participating in the planning and celebration of the festival.

ARRESTED NEAR TOTS
Roland E. Folkerts, 59, East Alton, who described himself as a teacher and salesman, was charged with disorderly conduct last week after allegedly trying to bribe young children at two locations in Madison. Madison police took him into custody after a brief chase, and his car was towed to a garage. Granite City police also filed a disorderly conduct charge.

Attack on County Board errs on many points and ignores importance of local sanitary sewer program

At the county seat, where newsmen sometimes feel a responsibility to react with alarm to various Madison County governmental developments, a commentary has been published under the heading, "Chalk up another county foul-up." We take issue with it on a number of points.

The commentary deals with Madison County Special Service Area One, through which a major sanitary sewer installation program has been carried out in Chouteau and Nameoki townships and part of Veneta Township, designed to connect with the regional Granite City primary and secondary sewage treatment facilities. It would be hard to imagine a project of greater benefit to our community and our county.

It is related that the County Board "has stumbled into the sewer business. How did our esteemed County Board members manage to wind up in a business normally handled by municipal entities?" The answers being provided by those trying to explain the situation, at best, create more confusion than explanation.

"Of course, that probably is not surprising to most county residents. Those who have followed the board's activities closely in the past few years probably just chalk it up to another in the unending string of foul-ups that have made many County Board committee meetings seem more like second-rate comedy shows than judicious governmental proceedings."

We don't recall that the board stumbled or backed blindly into the sewer issue, or that it was a comical, laughable decision. The county took forthright steps to qualify for federal funding after thorough consideration, including extensive debate by residents and board members at public hearings.

Many citizens wanted to remain without sewers, despite obvious health factors, in order to avoid paying for their portion of the installation cost. In the face of such opposition, it took courage and statesmanship for board members to "stand up and be counted" on the side of health, progress and good government.

Are sewers "normally" handled by municipal entities? Yes, when they are city sewers. Since the sewers that were needed were mainly in unincorporated areas, it made a lot of sense for the highest level of government, the county, to step forward.

We doubt that many people would have preferred the other alternative, the multi-county sanitary district that has been plagued with so many problems since the first decade of this century.

The commentary goes on to say that "this particular mess deserves a little closer scrutiny." It was revealed at a County Board finance committee meeting that the county was the proud owner of a sewer project just outside Granite City. It is in that position because a while back it agreed to be the fiscal agent of a special service district. The purpose of the district was to put a sewer line in the county, and the county agreed to that because the state Environmental Protection Agency would not allow the district a grant unless the county owned the sewer.

Wrong, wrong and wrong. The multi-township "district" from its inception has been part of the county government. The sewer treatment plant already exists; the project is for sewers, not a sewer plant. And there has been no surprise disclosure of county involvement; the panel that has been in charge from the start, under the overall supervision of the county Board, has consisted of County Board members and township supervisors.

The commentary says that the county "not only is handling administrative details for the district, it is going to have to bail out the district financially. The administrative aspects have been forced on the county clerk and county treasurer offices; both of those offices have enough to do for the entire county. Now they are strapped with having to provide a time-consuming service for a relatively small special group. And as far as anyone can tell, that administrative obligation is not temporary; the county will be administering the sewer district's business, sending out bills and so forth, forever."

No bailout is occurring, nor is a "small special group" getting some kind of free ride. The sewer system is a relatively small County's second largest concentration of population, the Quad-City area, and of

great value also to the future of Granite City, for decades the county's largest city. Sending out real estate property tax bills is not a daily task, nor is it a chore unendingly. The county government has been made clear well in advance of the public meetings that general obligation bonds were involved, not revenue bonds. It was spelled out that payments would be by property taxes, not by monitoring sewer volume.

The county throughout its history has extended its arms for all kinds of districts, applying them with provision to those who own property within such districts, and omitting such billing outside the district boundaries. This may be an intricate task, since out of the county and over, but it is a process done routinely for schools, municipalities, fire protection districts, parks and even street lighting districts.

When the task will go on forever is debatable. The bond issue, certainly, is destined to be retired within a few years. Tax collections will end as soon as the principal and interest payments have been completed.

Noting that a loan is being made for a period of several months because "it is EPA's policy to cut off payments until the project is 75 percent complete until it passes its final inspection," the commentary adds that "the district doesn't have the money to finish the project because it is not yet 75 percent complete." The county shouldn't be in the loan business at all, "it is argued."

Reunited with sisters after 37 years, woman now leaves for Japan

By VALERIE EVENDEN

of the Press-Record

A former Granite City resident who recently was reunited with her five sisters after being apart 37 years left yesterday with her husband and children for Japan.

Mr. and Mrs. Robert C. (Barbara) Andrews and children had a farewell breakfast Wednesday morning at the home of her parents, Mr. and Mrs. Robert L. Andrews, 2412 Center St.

Mrs. Andrews is leaving the country now after only being reunited earlier this year with her sisters for the first time in 37 years.

her mother-in-law commented.

The younger Andrews' and their children, Ken, 14, and twin daughters, Linda and Lisa, 12, who most recently lived in Troy, Ill., are enroute to Nagoya, Japan, where they will spend the next 14 months.

Andrews is being sent there by McDonnell-Douglas Corp. to supervise the construction of the F-15 fighter aircraft at a new plant.

A 1958 graduate of Granite City High School, Mrs. Andrews is employed by the aerospace firm as an electrical-electronics-radar technician.

The Andrews family left St. Louis International Airport yesterday, but will stop briefly in Las Vegas, Nev., for a visit with one of Mrs. Andrews' five sisters.

Mrs. Andrews said Mrs. Arrington and her other sisters in early April for the first time since she was placed in an orphanage and adopted 37 years before.

Until a few months ago, Mrs. Andrews had no idea what had become of the six sisters and brother she had known vaguely until age five.

She didn't know they had searched for her, even making a detective from 1968 to 1970, all without success.

Mrs. Andrews' mother, Margaret Atkinson, died shortly after Barbara's first birthday. Her father, Alpha Atkinson, also was ill and couldn't care for the six girls and two boys left to him.

The father sold the family home and sent the older children to live with others, keeping only Barbara and Betty in an apartment.

Two older girls were married and one was engaged and married. Mrs. McCoy of Jacksonville, Fla., was sent to live with distant relatives in Florida.

Soon afterward, however, Barbara and Betty were sent to an orphanage in West Virginia, but came back to live with their father when Betty got diphtheria.

The two young girls also lived with an uncle in Ohio for a period of time between the orphanage and Barbara's adoption in 1943 by Newman and Lois Rohrer of Pittsburgh.

The 6-year-old Barbara was adopted only on the condition that no one in her real family ever looked for her, including her own father.

A cousin, Pearl Penner, acted as go-between in the adoption procedure and also was sworn to secrecy. She kept the

secret until last Christmas.

As a teenager, Barbara had found a birth record listing her as her real last name and parents' names, but she had taken the name of her adopted parents while in grade school and she had no other information.

The Rohrs helped her work her way through Greenville (Ill.) College and, in her junior year, she married and has remained in Illinois.

Mrs. Andrews has taught school in Alton for several years and also was a substitute teacher in the Troy School District.

Last Christmas, Mrs. Andrews became ill. She wrote her address to Brinkhoff said the class rooms will be open and teachers available to greet the parents and others attending.

Johnston School is the newest building in the Granite City School District 9 and is in its ninth year of operation.

The school has 465 students in kindergarten through ninth grades.

Anderson's daughter to be in Alton

Eleanora Anderson

Ketter, daughter of independent presidential candidate John Anderson, will appear at a fund-raising wine and cheese party from 7 p.m. Sunday at the home of Gladys Lewis in Alton.

The public is invited. A \$10 per person donation will be requested at the door. The home may be reached by going north on State Street in Alton, turning west on Danforth to the signs for the party, a spokesman said.

Open house at Johnson school

Johnson School, 4225 Old Alton Road, will hold an open house from 7 p.m. until 8:30 p.m. on Monday.

Principal Richard Brinkhoff said the class rooms will be open and teachers available to greet the parents and others attending.

Johnston School is the newest building in the Granite City School District 9 and is in its ninth year of operation.

The school has 465 students in kindergarten through ninth grades.

Bowler to host party for ward

Alderman Paul Ray Bowler will host an appreciation party for residents of the Seventh Ward and other friends starting at 2 p.m. Saturday at 2609 Mockingbird Lane.

The event is being held in appreciation of the assistance given by many residents in various community projects, programs, Alderman Bowler said.

Refreshments will be served and entertainment is planned, including music beginning at 5 p.m. Saturday.

Final notice to Madison parents

"Last reminder" notices have been sent home to the parents of students in the Madison School District notifying them that children who have not had a physical examination and up-to-date immunizations by Monday, will be sent home.

Superintendent John Palchick said that it is imperative that the parents respond immediately to the requirements of the Illinois School Code, Section 27-8, regarding physical exams and immunizations.

Any parents needing further information should call the principal of the building where their child attends school or the school nurse before Monday, Palchick said.

Chouteau Township to sell equipment

Wilfred "Bud" Eberhardt, highway commissioner of Chouteau Township, announced that several pieces of highway equipment be put up for bids at a meeting Monday of Chouteau Township administrators.

Administrators approved his plan to open bids on the advertised equipment at the Oct. 6 meeting.

In other business they approved the current bills and adjourned until the October session.

Hospital Notes

Among the patients admitted to St. Elizabeth Medical Center were:

Sept. 17—Margaret Skinski, Pontoon Beach; William Lewis, Venice; Mary Stokes, Granite City; and Eula Mae Carson, Bernie, Mo.

Sept. 18—Della M. Lindsay, Pat Niles, Kathleen Sargent, Myrtle Strain, Margaret Fronberger, all of Granite City; Richard Czerniak III, Venice; and Mary Pearl Jackson and Savoy Cunningham, both of Brooklyn, Ill.

Sept. 19—Ann Riddle, Madison; Ellis Roussan and Hershel Becker, both of Granite City; Melvyn Joseph, Glen Carbon; and Otto Knobloch, Edwardsville.

David Painter North assistant

David D. Painter of the Granite City High School North faculty was named assistant principal of GCHS North at Tuesday night's Board of Education meeting.

The North administration also includes Principal Gilbert V. Walmsley and Assistant Principal Victor C. Buehler. An assistant principal vacancy was created this summer with the promotion of Terry M. Salem to personnel administrator for the Granite City school district.

Painter's new position is effective Monday, Sept. 29. He is a mathematics teacher, and a successor for that job is being chosen this week.

Painter resides at 2580 Boyle Ave. with his wife, Patricia, and their son, David, 11, and daughter, Susie, nine years old.

Painter earned a bachelor's degree at Eastern Illinois University and a master's degree at Southern Illinois University at Edwardsville.

After teaching in the Granite City district for 17 years, Painter was on the Prather Junior High School faculty for ten of those years and was adviser to the Prather student council.

His yearly salary will be \$24,900 and he will qualify for annual increments based on a ten-year administrator salary schedule.

Painter is chairman of the Professional Committee of Concordia Lutheran Church and vice-chairman of the Metro-East Lutheran High School Association.

In another decision Tuesday night, the School Board hired Mrs. Karen F. Loney as a Wilson School fourth grade teacher for the 1980-81 school year.

An added teaching position at Marshall School will involve the first and second grades. That post is being filled and will be acted upon formally at the Oct. 7 board meeting.

Enrollment exceeded spring 1980 estimates for 1980-81 at Wilson and Marshall.

A letter from Marshall third grade parents thanked "the board and others who helped to resolve our problems. We appreciate that you listened to us and acted so promptly to investigate the situation and remedy it."

The Wilson School Parent-Teacher association thanked the board for "the new blacktopped parking lot. Everyone is very happy with the new lot, and we all appreciate the work that was done during the summer."

Roy Hill was employed Tuesday night as a school custodian. He is noted that more than 80 as custodial applicants are being given aptitude tests this week.

An extra-curricular assignment approved by the board designates Mrs. Gail Mueller as vocal music director of GCHS North.

Retirements were approved at the request of Helen Hill, a Grigsby Junior High cafeteria worker, effective Oct. 15; Ann Barry, a Johnson School cafeteria worker, as of Oct. 31; and Vivian Hillen, Wilson School secretary, effective Dec. 1.

Released time was approved for Mrs. Ruth D. Lahr, director of the preschool center, to attend four 1980-81 meetings of the Illinois Women Administrators, of which she is a director.

Transportation, hotel, meal and incidental expenses will be paid for Dale C. Rea, assistant to the superintendent, at a Public

DAVID PAINTER, newly named assistant principal at Granite City High School North.

Law 874 (federal school aid) meeting in Orlando, Fla., Nov. 12, Vash. Effort, director of pupil personnel services, at the National Association of Pupil Personnel Services meeting in San Diego, Calif., Nov. 25; R. William Rotter and Kenneth H. Gattung, GCHS South faculty members, at the National Science Teachers association convention in Cleveland, Ohio, Oct. 9-11 (Rotter is serving on the convention evaluating committee); and Joseph S. Fedora, director of physical education and athletics, at the National Federation of High School Athletic Administrators convention in Atlanta, Ga., Dec. 14-17.

It was decided to continue the school district's affiliation with the National School Board Association. Dues for the year will be \$29.

School board members and administrators will meet at the Roundtable Restaurant, Collinsville, Oct. 22 at 7:30 p.m. for a dinner meeting on board administrator responsibilities and on school legal matters and court cases.

At the Collinsville Holiday Inn Oct. 23, five secondary school (high school and junior high) administrators will attend an all-day workshop on student discipline.

The board designated 44 election judges and 49 alternate judges for the Oct. 25 special election at which voters will decide whether to authorize school renovations totaling \$2,900,000 and a ten-cent increase in the building fund rate ceiling.

Adjustments were made in the northern portion of the boundary line between the Mitchell School and Johnson School attendance and voting areas.

There are no homes in the territory affected by the boundary revisions. The two elementary school areas are separated by Highway Three, St. Thomas Road and the Gulf, Mobile and Ohio Railroad right-of-way.

For \$265, Print-Mart Corp. will provide 15,600 official ballots and 250 specimen ballots for the Oct. 25 election.

As the administrative district of Special Education Region I in the Quad-City area, the Granite City School Board ratified the regional board's recommendation to schedule 439 psychologist visits in the Granite City district, 70 in the Madison public schools and 38 days in the Venice school system.

Ann Phillips, a Washington University student, will intern with occupational therapists of Region I at no cost to the region.

Pontoon Beach retains bureau for engineering

The Pontoon Beach Village Board agreed to retain the Bureau of Engineering and Planning for engineering and consulting firm during a meeting held Tuesday night in the new Village Hall, 3910 Highway 111.

A project to seek prices for rock to be used along the sides of new streets in Pontoon Beach is being restructured a front porch at the Village Hall, was approved by the trustees.

Mary Warren, village clerk, read a note of thanks from Bud McMillan for the space allocated to the new hall for the Coordinated Youth organization.

Requests for collection permits for the Knights of Columbus were discussed and the trustees agreed that the Lions Club could collect funds at the Village Hall, 3910 Highway 111 and 162 on Oct. 11.

Monies received from the sale of candy will be used for the clubs humanitarian services and funds will be collected on Oct. 31 and Nov. 1 at the intersection of Highway 111 and 162 and the trustees recommended they seek contributions on Nov. 7 from 7 a.m. to 6 p.m. for the traffic conditions at that location on Fridays.

Since no bids have been received on a pick-up truck offered for sale by Paul Bennett was advised to find a suitable way of disposing of the vehicle.

The building committee was instructed to get prices for a storage building and submit the costs at the next meeting.

The bills approved were two from Nameoki Township for a total cost of \$511 for the installation of a curb on B Street and a curb on Lake Street.

The 6-year-old Barbara was adopted only on the condition that no one in her real family ever looked for her, including her own father.

A cousin, Pearl Penner, acted as go-between in the adoption procedure and also was sworn to secrecy. She kept the

secret until last Christmas.

As a teenager, Barbara had found a birth record listing her as her real last name and parents' names, but she had taken the name of her adopted parents while in grade school and she had no other information.

The Rohrs helped her work her way through Greenville (Ill.) College and, in her junior year, she married and has remained in Illinois.

Mrs. Andrews has taught school in Alton for several years and also was a substitute teacher in the Troy School District.

Last Christmas, Mrs. Andrews became ill. She wrote her address to Brinkhoff said the class rooms will be open and teachers available to greet the parents and others attending.

Johnston School is the newest building in the Granite City School District 9 and is in its ninth year of operation.

The school has 465 students in kindergarten through ninth grades.

Alderman Paul Ray Bowler will host an appreciation party for residents of the Seventh Ward and other friends starting at 2 p.m. Saturday at 2609 Mockingbird Lane.

The event is being held in appreciation of the assistance given by many residents in various community projects, programs, Alderman Bowler said.

Refreshments will be served and entertainment is planned, including music beginning at 5 p.m. Saturday.

"Last reminder" notices have been sent home to the parents of students in the Madison School District notifying them that children who have not had a physical examination and up-to-date immunizations by Monday, will be sent home.

Superintendent John Palchick said that it is imperative that the parents respond immediately to the requirements of the Illinois School Code, Section 27-8, regarding physical exams and immunizations.

Any parents needing further information should call the principal of the building where their child attends school or the school nurse before Monday, Palchick said.

Wilfred "Bud" Eberhardt, highway commissioner of Chouteau Township, announced that several pieces of highway equipment be put up for bids at a meeting Monday of Chouteau Township administrators.

Administrators approved his plan to open bids on the advertised equipment at the Oct. 6 meeting.

In other business they approved the current bills and adjourned until the October session.

Among the patients admitted to St. Elizabeth Medical Center were:

Sept. 17—Margaret Skinski, Pontoon Beach; William Lewis, Venice; Mary Stokes, Granite City; and Eula Mae Carson, Bernie, Mo.

Sept. 18—Della M. Lindsay, Pat Niles, Kathleen Sargent, Myrtle Strain, Margaret Fronberger, all of Granite City; Richard Czerniak III, Venice; and Mary Pearl Jackson and Savoy Cunningham, both of Brooklyn, Ill.

Sept. 19—Ann Riddle, Madison; Ellis Roussan and Hershel Becker, both of Granite City; Melvyn Joseph, Glen Carbon; and Otto Knobloch, Edwardsville.

David D. Painter of the Granite City High School North faculty was named assistant principal of GCHS North at Tuesday night's Board of Education meeting.

The North administration also includes Principal Gilbert V. Walmsley and Assistant Principal Victor C. Buehler. An assistant principal vacancy was created this summer with the promotion of Terry M. Salem to personnel administrator for the Granite City school district.

Painter's new position is effective Monday, Sept. 29. He is a mathematics teacher, and a successor for that job is being chosen this week.

Painter resides at 2580 Boyle Ave. with his wife, Patricia, and their son, David, 11, and daughter, Susie, nine years old.

Painter earned a bachelor's degree at Eastern Illinois University and a master's degree at Southern Illinois University at Edwardsville.

After teaching in the Granite City district for 17 years, Painter was on the Prather Junior High School faculty for ten of those years and was adviser to the Prather student council.

His yearly salary will be \$24,900 and he will qualify for annual increments based on a ten-year administrator salary schedule.

Painter is chairman of the Professional Committee of Concordia Lutheran Church and vice-chairman of the Metro-East Lutheran High School Association.

In another decision Tuesday night, the School Board hired Mrs. Karen F. Loney as a Wilson School fourth grade teacher for the 1980-81 school year.

An added teaching position at Marshall School will involve the first and second grades. That post is being filled and will be acted upon formally at the Oct. 7 board meeting.

Enrollment exceeded spring 1980 estimates for 1980-81 at Wilson and Marshall.

A letter from Marshall third grade parents thanked "the board and others who helped to resolve our problems. We appreciate that you listened to us and acted so promptly to investigate the situation and remedy it."

The Wilson School Parent-Teacher association thanked the board for "the new blacktopped parking lot. Everyone is very happy with the new lot, and we all appreciate the work that was done during the summer."

Roy Hill was employed Tuesday night as a school custodian. He is noted that more than 80 as custodial applicants are being given aptitude tests this week.

An extra-curricular assignment approved by the board designates Mrs. Gail Mueller as vocal music director of GCHS North.

Retirements were approved at the request of Helen Hill, a Grigsby Junior High cafeteria worker, effective Oct. 15; Ann Barry, a Johnson School cafeteria worker, as of Oct. 31; and Vivian Hillen, Wilson School secretary, effective Dec. 1.

Released time was approved for Mrs. Ruth D. Lahr, director of the preschool center, to attend four 1980-81 meetings of the Illinois Women Administrators, of which she is a director.

Transportation, hotel, meal and incidental expenses will be paid for Dale C. Rea, assistant to the superintendent, at a Public

DAVID PAINTER, newly named assistant principal at Granite City High School North.

Law 874 (federal school aid) meeting in Orlando, Fla., Nov. 12, Vash. Effort, director of pupil personnel services, at the National Association of Pupil Personnel Services meeting in San Diego, Calif., Nov. 25; R. William Rotter and Kenneth H. Gattung, GCHS South faculty members, at the National Science Teachers association convention in Cleveland, Ohio, Oct. 9-11 (Rotter is serving on the convention evaluating committee); and Joseph S. Fedora, director of physical education and athletics, at the National Federation of High School Athletic Administrators convention in Atlanta, Ga., Dec. 14-17.

It was decided to continue the school district's affiliation with the National School Board Association. Dues for the year will be \$29.

School board members and administrators will meet at the Roundtable Restaurant, Collinsville, Oct. 22 at 7:30 p.m. for a dinner meeting on board administrator responsibilities and on school legal matters and court cases.

At the Collinsville Holiday Inn Oct. 23, five secondary school (high school and junior high) administrators will attend an all-day workshop on student discipline.

The board designated 44 election judges and 49 alternate judges for the Oct. 25 special election at which voters will decide whether to authorize school renovations totaling \$2,900,000 and a ten-cent increase in the building fund rate ceiling.

Adjustments were made in the northern portion of the boundary line between the Mitchell School and Johnson School attendance and voting areas.

There are no homes in the territory affected by the boundary revisions. The two elementary school areas are separated by Highway Three, St. Thomas Road and the Gulf, Mobile and Ohio Railroad right-of-way.

As the administrative district of Special Education Region I in the Quad-City area, the Granite City School Board ratified the regional board's recommendation to schedule 439 psychologist visits in the Granite City district, 70 in the Madison public schools and 38 days in the Venice school system.

Ann Phillips, a Washington University student, will intern with occupational therapists of Region I at no cost to the region.

Radiation benefits and risks noted

By MARY RICHARDS
Illinois Department of
Public Health

Radiation has existed since the beginning of time. The sun and stars bombard us with radiation constantly. Our own Mother Earth subjects us to radiation from widely distributed materials such as granite, brick, natural gas and phosphates. In fact, even our bodies emit radiation—and from women more than men.

Even though radiation is in widespread use in medicine, energy and technology, natural radiation accounts for more than half of the exposure we receive. The rest comes from man-made sources.

Eighty percent of the man-made contribution of radiation to which we are exposed results from medical and dental x-rays and radioactive materials used to diagnose and treat disease.

When we need these medical procedures, the benefits far outweigh the risks. But studies indicate that a large percentage of the 240 million x-ray examinations conducted annually may not be necessary.

The state health department, through its Division of Radiation Protection, has programs to reduce such unnecessary exposure.

Health physicists with the department check x-ray equipment to make certain that the amount of radiation used in medical and dental examinations, when they are needed, does not exceed acceptable limits.

The state health department's health physicists also monitor shipments of radioactive materials on Illinois highways.

They test microwave ovens and color television sets for non-ionizing radiation emissions.

In general, they try to do everything possible to protect the citizens of Illinois from exposure to unnecessary radiation.

As researchers learn more and more about the health hazards of our technological society, it becomes increasingly clear that none of the "miracles of modern science" is without its risks. This is true of drugs, pesticides, automobiles and air travel as well as radiation.

Experts are not in agreement about the extent of risk from exposure to low-level radiation. Thus, some risk must be accepted in exchange for the benefits of man-made radiation.

Those who want more information about radiation exposure may write to: Illinois Department of Public Health, Division of Radiation Protection, 555 W. Jefferson, Springfield 62761.

Borrowing for new sewers necessary

By JUDY TAPLIN

Taxpayers in Madison County are going to be paying indirectly for a temporary money shortage involving the sanitary sewer project in three Quad-City area townships.

The Madison County board has voted to borrow, through issuance of tax anticipation warrants, a total of \$60,000 from invested highway department funds, in order to cover costs of the sewer project in Special Service Area One in Nameoki, Chouteau and Venice townships.

The highway department funds, from motor fuel taxes, currently are invested at about 10 percent interest. The county will pay the highway department four percent interest. To several county board members, this represented a loss of several thousand dollars a month in the interest for the county.

Dick Worthen, Alton, reminded the board that its decision to sponsor the township sewer project several years ago had been based on the assurance that the cost would not affect taxpayers in other areas of the county. Worthen said it appeared that the facts had been misrepresented. "It will cost the taxpayers," he said.

Others said it appeared that one area of the county was receiving preferential treatment and that this might be a bad precedent to set.

Jeffrey Johnson, Fire Control Technician (Missiles), Jeffrey D. Johnson, U.S. Navy, has been assigned to the nuclear cruiser USS South Carolina, which presently is on station off the coast of Iran.

He is the son of Mr. and Mrs. Nathan Johnson, 2814 Buxton Ave.

FTM-3 Johnson, 20, is a 1978 graduate of Granite City High School South. He enlisted in the Navy in October 1978. Before his assignment to the USS South Carolina, the serviceman completed a six-month computer training program at Virginia Beach.

Previously, he attended other U.S. Navy schools and received instruction in courses electronics.

Study a St. Louis to Chicago electric train

Governor James R. Thompson has just approved legislation to allow Illinois, in concert with six other states, to conduct special studies for improving rail passenger service and for the feasibility of high-speed electric-powered trains in the Chicago-Milwaukee and Chicago-St. Louis corridors.

The bill creates the Interstate High Speed Intercity Rail Passenger Network Compact.

The Illinois Department of Transportation and Illinois Transportation Study Commission will join with agencies from Indiana, Michigan, Pennsylvania, Ohio, West Virginia and Kentucky to conduct the rail passenger studies.

An advisory council that will consist of two representatives from each state will examine the operation of a rail system connecting major cities in the participating states. One of the Illinois members will be the secretary of transportation, and the other will be appointed by the state's Transportation Study Commission.

Thompson said, "Illinois currently has the largest intercity rail passenger service program in the nation, and improved rail passenger service can make a substantial contribution toward energy conservation. Rail service can and should provide an economical alternative to driving."

Illinois currently operates five intercity rail passenger trains in conjunction with Amtrak. The trains are the Statehouse, between Chicago and Springfield; the Illinois, between Chicago and Champaign; the Blackhawk, between Chicago and Dubuque; the Zephyr, between Chicago and Quincy; and the Prairie Marksman, between Chicago and Peoria.

The new law calls for the studies to be completed by Jan. 1, 1982, and requires the Illinois representatives to use Chicago as the "hub" of the intercity network.

The Illinois Department of Transportation will also study problems involving maintenance and improvement of existing service in Illinois, including speed, scheduling, frequency and reliability of passenger service.

The measure also calls for study of the use of Illinois coal to generate electric power for the trains.

Thompson said, "Illinois currently has the largest intercity rail passenger service program in the nation, and improved rail passenger service can make a substantial contribution toward energy conservation. Rail service can and should provide an economical alternative to driving."

Illinois apples mature, tasty

By CHRIS DOLL

Area Extension Adviser

The arrival of autumn in 1980 is timed with apple harvest. Recent rains and cooler temperatures have helped mature an apple crop that grew through the summer heat.

The high temperatures caused problems with fruit coloring but had no effect on the flavor. Thus, Illinois apples picked at the proper stage of maturity should taste good.

Apple flavor depends on the natural aroma of the variety combined with sugars and acids.

Each variety has its own flavor. The widely accepted flavors are those of Delicious, Jonathan and Golden Delicious. However, other special flavors and characteristics may be found in Grimes Golden, York, Rome, Winesap, Blushing Golden and many others.

The adapted fall varieties for Illinois require 140 to 170 days after blooming to develop optimum maturity and flavor. Southwestern Illinois apples are now in this time period.

Apples harvested at the optimum period are also well adapted for processing or storage.

Since firmness and crispness are associated with apple quality, fruit should be kept cool to retain these characteristics. A refrigerator provides the best storage in the home.

If a refrigerator isn't available, place fruits in the coolest area possible. For long-term storage, place in plastic bags to reduce moisture loss.

FENCING COURSE
TO BE OFFERED FREE

"Fundamentals of Fencing" will be offered at SIUE, open to SIUE students, staff, faculty and members of the community. Registration will be held from 7 to 10 p.m. Monday, Sept. 29, in Room 0101 of Building II (next to Peck Building) on the Campus.

Registration will be limited. The course will begin Monday, Oct. 6, at 7 p.m. and will continue for ten consecutive weeks. It will meet Monday evenings from 7 to 8:30 in Room 0101, Building II, and the instructor will be Dr. Robert T. Schopp, professor of physiology at the SIUE School of Dental Medicine.

Cash crunch for Ill. Power

Illinois Power Company is facing a severe cash shortage and a 23 percent rate increase currently being sought is necessary to maintain the company's financial integrity, Vice President Larry D. Haab said last week.

In prepared testimony submitted to the Illinois Commerce Commission, Haab said the company must maintain ready access to the financial markets at reasonable costs in order to make investments in plants and equipment to improve operating efficiencies.

Illinois Power submitted Haab's testimony and that of 10 other witnesses Thursday. Hearing dates are to be set for the witnesses to be cross-examined.

The company filed for an electric rate increase Aug. 8 with the ICC. The commission may take 11 months to act on the company's request, by not entering a final order until July 1981. In addition to citing a need to maintain high financial credit ratings, Haab's testimony also covers the construction budget and financing requirements for the three-year period of 1980 through 1982.

G.A. Benor, a partner of Paine, Webber, Mitchell, Hutchins, Inc., explained that Illinois Power must meet its financial goals to remain a financially healthy company.

Without good credit ratings, the company will not be able to raise needed capital and, eventually, service to customers would be jeopardized, Benor said.

Dr. J. L. Pappas, University of Wisconsin professor of finance and managerial economics, testified that including construction work in progress (CWIP) in the company's electric rate base is proper from both an economic and regulatory point of view.

He also said such a regulatory practice is an effective way to finance a construction program.

Dr. C. F. Phillips Jr., professor of economics at Washington and Lee University, focused on the cost of capital Illinois Power incurs in the market place when financing first mortgage bonds, preferred stock and common stock equity capital.

John B. Gillett of Whitman, Requaert and Associates discussed what the current cost would be to replace, Ill. Power's electric utility plant, including generating facilities, transmission, distribution

and general plant now in operation. Gillett also discussed depreciation rates for recovering the original cost of these facilities.

Ill. Power's proposed rates were discussed by Miro P. Madner, manager of rates for the company. He also reviewed the effects inflation has had on the company's 1980 operating costs and the electric utility rate-making standards of the Public Utility Regulatory Policies Act of 1978 (PURPA).

G. R. Shannahan, the company's director of economic research, explained studies on the cost of providing electric service to customers. His testimony also explained PURPA's electric utility cost of service standard.

Testimony on the company's actual electric revenues and expenses and financial statements for the 12 months ended Dec. 31, 1979, was submitted by W. M. Davis, director of accounting for Ill. Power. His testimony also discussed adjustments made to the company's forecasted electric rate base and operating income for the 12 months ending Dec. 31, 1980.

The company's predicted expenditures from 1980 through 1982 were explained by L. F. Altenbaumer, director of budgets and forecasts.

E. A. Deardorff, director of regulatory matters, discussed the company's proposal fuel cost adjustment (FCA) and the company's advertising expenses.

P. S. Zimmer, director of research and resource planning, showed that the company's current residential, commercial and industrial load management activities and research into load management techniques comply with the load management standard of PURPA.

Troop 96 holds weekend campout

Troop 96, sponsored by Maryville School PTA, held a campout at Camp Sunnen near Potosi, Mo., earlier this month. The boys and the leaders arrived Friday evening and set up camp. Later, they built a camp fire and cooked hot dogs.

Saturday morning after breakfast the scouts received canoeing instructions. They learned various strokes, parts of the canoe and safety on the water. After the instructions the boys capsized the canoes in the swimming area and learned how to paddle the canoe when it is full of water.

After lunch the scouts and leaders canoed to the dam and back on Sunnen Lake which was followed by an hour of swimming. The boys also went on a night hike to the mud cave where they told stories and watched bats fly in and out of the cave. They returned home after breakfast Sunday morning.

Scouts attending were, Darrell Schaefer, Jeff Shafer, Scott Wilson, Doug Hale, Mike Charbonnier, Kevin Haddock, Eddie Melton, Darrell Young, Jeff Isenbarg, David Allen, Jon Morgan, Jim Dean and David Maxwell. Adults attending were Joe Schaefer, Bob and Ruth Young and Bud and Char Charbonnier.

Troop 96 will hold a car wash Sunday, Sept. 28, at O'Brien's Service Station, Pontoon and Nameoki roads, from 10 to 4 p.m. The price is \$2 per car, it was announced.

INJURED AS AUTO CRASHES INTO POST

Pam Young, 2111 Dewey Ave., was taken by ambulance for hospital treatment of injuries suffered last week while she was a passenger in a westbound car that was turning left from 23rd Street onto Madison Avenue.

The auto went out of control and collided with an Illinois Power Co. pole in the 2200 block of Madison Avenue. The vehicle was towed from the scene and the driver Debra Kuehnle, 21, of 2015 Washington Ave., was arrested for having no driving license.

Denise Baker becomes Mrs. Stephen E. Putz

Miss Denise Ann Baker, a daughter of Mr. and Mrs. Walter Baker, 1723 Third St., Madison, became the bride of Stephen Eric Putz, son of Mr. and Mrs. Frank Putz, 1318 Lexington Drive, Collinsville, on Sept. 13, at St. Mary's Roman Catholic Church, in Madison.

Bouquets of fall flowers and greenery adorned the altar for the double ring ceremony performed at 2 o'clock in the afternoon by Father Conrad Motola, O.F.M.

Wedding music included "Annie's Song," "Longer," "St. Anthony Choral," "Jesu, Joy of Man's Desiring," "Prayer of St. Francis," "Wedding Song," and "Sometimes."

Kenneth McGarrahan played the organ and guitar for soloist Gary Metz.

For her wedding, the bride wore a formal ivory organza gown enhanced with Venice lace motifs, beaded with seed pearls, on the Empire bodice, traced the Queen Anne neckline and the long full sheer sleeves.

Silk Venice lace daisies banded the A-line skirt and edged the hemline which swept into a semi cathedral length train.

She wore a matching Venice lace camelot cap to secure the long train length veil of ivory bridal illusion accented with a lace trim. Her cascade bouquet was an arrangement of Phalaenopsis orchids, stephanotis, orange roses and trailing ivy, tied with white satin ribbons.

Miss Rita A. Baker, a sister of the bride, was maid of honor. She selected a floor length gown in tea rose lustrous knit printed in multi-color hues of apricot and copper flowers. The blouson bodice was designed with a scoop neckline and layered split sleeves with a full circular skirt.

Bridesmaids included Mrs. Alison M. de la Torre, another sister of the bride, Mrs. Sharon Gagich and Miss Linda Leleniewski, cousins of the bride, Mrs. Cathy Alvarez and Mrs. Susan Martinez, the groom's sisters, and Miss Ellen Voegel.

They were gown in ivory lustrous knit dresses identical to the honor attendant.

Each attendant wore baby's breath in their hair and carried colonial bouquets of tangerine carnations, yellow miniature carnations, yellow pom poms, brown leatherleaf and wheat, tied with autumn color streamers.

Attending the groom as best man was his brother, Michael Putz. Groomsman were Frank Putz Jr., another brother, Dennis Alvarez, the groom's brother-in-law, Ronald and Leonard Leleniewski, John Gagich, cousins of the bride, and Victor Barnhart.

Serving as ushers were Joseph Martinez, a brother-in-law of the groom, and Edwin Niepert, the bride's cousin.

Both the rehearsal dinner and reception was held at the Polish Hall in Madison.

After a wedding trip to the Lake of the Ozarks, the newlywed couple is now residing at Tower Lake Apts., Edwardsville.

Both young people graduated from Assumption High School, East St. Louis. The bride is employed as a laboratory technician for Midwest Laboratory Co., St. Louis. The groom is a student engineer with the Illinois Department of Transportation.

BETROTHED. Miss Gayle J. Lynch and Edward R. Snyder whose engagement is being announced by their parents, the Rev. and Mrs. W. Clyde Lynch of Paris, Ill., and Mr. and Mrs. Derwood Snyder of St. Louis, formerly of Granite City. An Oct. 4 wedding is planned.

Snyder-Lynch engagement

The Rev. and Mrs. W. Clyde Lynch of Paris, Ill., and Mr. and Mrs. Derwood Snyder of St. Louis, formerly of Granite City, are announcing the engagement and approaching marriage of their children, Gayle J. Lynch and Edward R. Snyder.

Miss Lynch is employed at Bridwell's Supermarket, Paris, as a cashier and her fiancé is working as an ambulance attendant and orderly at the Paris Community Hospital where he has enrolled in EMT training.

Attends state flower show

Five members of District V Garden Clubs attended the Preview Evening of the Illinois State Flower Show, at Fox Valley Center in Aurora. Those attending were Mrs. William Lindsey, District V director and Mrs. Emin Lock, both from Cahokia Garden Club; Mrs. Arvid Nelson, president of the Trenton Tumbleweeds

Garden Club; Mrs. Robert Hintz, the District Conservation Chairman from Gardners Club in Granite City and Mrs. Eugene Stein, president of Lakeview Garden Club of Collinsville.

The show "Roundup in the Valley" is a western treat for all Illinois with all the excitement, drama and trauism of our western heritage through the imaginative and challenging design classes, horticulture and educational divisions. There was also a special section for the junior and intermediate gardeners.

The preview evening enabled the group to leisurely tour the show and discover the glory of the "Old West" as they followed the trails reminiscent of frontier days. "Gold Rush," "Devil Duster," "Dutchman's Mine" were a real challenge of creativity for those who entered the classes, as were the table classes "Golden Nugget," "Barbecue" and "Come and Get It" which were eligible for Tricolor Award. "Tumblelin" Tumbleweeds," "Buckskin and Buckboards" and "Dry Gulch" were design classes with award of Distinction in view.

For a special Roundup in the Valley award the classes were "Don't Fence Me In," "Rodeo Fever," and "Headin' For the Last Roundup." The junior and intermediate section was also full of western classes. Chairman Vi Dawson "ranch foreman" and her "ranch hands" were commended on the excellent show with fantastic staging.

After the show, the group was served a western-style barbecue supper buffet. Country music enlivened the evening by the "Fascinations" and an exhibition of square dancing. Sunday, the group returned to the center to view additional attraction. The Rose Society had a display of rose arrangements and rose specimens.

The show is open through Sept. 21 the local delegates added.

Name 1st child Patrick Fyalka

Mr. and Mrs. Raymond Fyalka Jr., 1610 Poplar St., became the parents of their first child, a son, born Sept. 13 at St. Elizabeth Medical Center.

The infant has been named Patrick Raymond. He weighed six pounds, 11 ounces.

The mother will be remembered as the former Miss Alice Geiger.

Mr. and Mrs. Raymond (Beverly) Fyalka Sr., 2565 Lynch Ave., are the paternal grandparents.

The maternal grandparents, Mr. and Mrs. John (Gloria) Geiger, reside at 1613 Lindell Blvd.

MR. AND MRS. GORDON CAMPBELL. They exchanged wedding vows in a double ring ceremony at Grace Baptist Church. The bride is the former Mrs. Edith Rodgers.

(Markus Studio)

Wed in evening ceremony

Mrs. Edith Rodgers and Gordon L. Campbell, both of Granite City, were united in marriage in a double ring ceremony on Sept. 5, at Grace Baptist Church, 2500 Edwards St., with the Rev. Morris Anderson officiating. Pre-nuptial music was played by Mrs. Alicia Poplichak.

Given in marriage by her son, Kenneth A. Rodgers, the bride chose a peach silk crepe gown and carried a bouquet of peach roses, baby's breath and carnations.

Attending the couple as

matron of honor and best man were, Mr. and Mrs. Carl

Brassfield, and serving as ushers were Phil Whitehead and Bruce Patterson.

Mrs. Brassfield wore a crepe time gown with a sheer pastel cape. Her corsage was of peach roses and white carnations.

A reception followed the service in the Fellowship Hall of the church.

The newlyweds are now

residing in Granite City, following a wedding trip to Heber Springs and other sites in Arkansas.

Out of town guests were

Mr. and Mrs. were Mr. and Mrs. Leo J. Usher of

Chester, Ill.

Fall meeting of Venice Women

The Venice Women's Club September meeting was held recently at the Venice Recreation Center.

Mrs. Elsie Canner, vice-president, conducted the business session and officers gave their reports. A gift was sent to Mrs. Sybil Robb a member who suffered an injury to her hand in a home accident. She was hospitalized for surgery, it was noted.

A social hour followed.

Games were played and prizes awarded. The hostesses Mesdames Clara Krause, Aline Patterson, Maude Lewis and Lisa Bauer served a dessert course.

Other members in attendance were Mesdames Ruth Canner, Bertha Pace, Ann Hartman, Mamie Ponce, Evelyn Owens, Allene Marcus, Grace Grimes, Hazel Rozniak, Lela Kowalski and Jane Harris.

TO MARRY. Miss Brenda A. Beide and her fiancé, Petty Officer 2/c Lyle M. Tempel Jr., of the U. S. Coast Guard. Their betrothal is being announced by the bride-elect's parents, Mr. and Mrs. Robert Beide, 2424 Lynch Ave. A June 27 wedding is planned.

Tempel-Beide betrothal

The engagement of Miss Brenda A. Beide and Petty Officer Second Class Lyle M. Tempel Jr., of the U.S. Coast Guard, is being announced by her parents, Mr. and Mrs. Robert Beide, 2424 Lynch Ave.

Parents of the groom-elect, Mr. and Mrs. Lyle Tempel Sr., reside at 4104

Braden Ave. Miss Beide and her fiancé both graduated in 1978 from North High School. He is an electronics technician with the U.S. Coast Guard stationed at Duluth, Minn.

The engaged couple are planning to be married on June 17 at St. John United Church of Christ.

Wanda Mertz bride-elect

Plans for an Jan. 17 wedding were revealed with the engagement announcement of Miss Wanda Octavia Mertz and Austin A. Lewis Jr., by the bride-to-be's parents, Mr. and Mrs. Roy Mertz, 4497 Vine Blvd.

The prospective groom is the son of Mr. and Mrs. Ralph Kern, 1624 Fourth St., Madison, and the late Judge Austin A. Lewis Sr.

He is a 1971 graduate of Madison High School and a 1975 graduate of Southern Illinois University at Edwardsville where he was a member of Pi Omega Pi Business Honor Society. He also belongs to the Musician's Union, Local 717 and is a supervisor for Aetna Life and Casualty.

Miss Mertz was graduated in 1978 from Granite City High School North and is a member of the National Association of Legal Secretaries. She is employed as a legal secretary for Armstrong, Teasdale, Kramer and Vaughn Law Firm.

The couple will be married at St. John United Church of Christ.

MISS WANDA MERTZ, fiancée of Austin Lewis Jr. Their engagement is announced by her parents, Mr. and Mrs. Roy Mertz, 4497 Vine Blvd. A Jan. 17 wedding is planned.

Mrs. Penrod marks 80th year

An open house birthday party was given this week in honor of the 80th birthday of Mrs. Edith Penrod at the Madison County Baptist Association Hall in Mitchell. The event was planned by a granddaughter, Mrs. Donna Price, who was assisted by the honoree's daughters, Mrs. Bernice Willard, Mrs. Georgia Province of Granite City, and Mrs. Burnell Langley of Montgomery City, Mo.

Other granddaughters participating in the party plans were Nancy Allen, Debbie Weaver, Peggy Willard, and Mauri Province. Great-grandchildren attending were Dixie Lynn Price, Marla and Marc Willard, Jeremy and Kelly Weaver, Sherri and David Allen, Ricky Wilson, a son of the guest of honor, John

Penrod, a sister, Alva Stearns and two brothers, Ira Hancock and Forrest Sexton, all of Granite City. Other guests were Gladys Hancock, Opal Sexton, Harold Price, William Willard, Jack Province, Roy Langley, Lonnie Weaver, Bill Willard, Myron Province, Brenda John and Paul Province, Alice Wilson, Mr. and Mrs. Wilford Kleinschmidt, Alma Craven.

Also Evadine Grayville, Mary Sexton, Sharon, Jason, and Gerald Watson, Laura Hancock, Beverly Province, Dorothy Ziegler, Myrtle Pool, Mary Turner, Crystal Burnett, Mr. and Mrs. William Province, Mr. and Mrs. Bill Stearns, Ruth Chapman, Esther Davis, Norma Zenik and Donna Bryant.

Nameoki Club opens season

The Nameoki Woman's Club resumed its regular monthly meetings after a summer recess, last week, at a gathering held at the Nameoki Recreation Center. Summer scholarship recipients gave the program for the day by reviewing activities relating to their summer school education.

Richard Takmajian, a North High School student, showed examples of his work in lithography and spoke on the procedure in completing his work from the beginning sketches to the finished product. He studied at the University of Illinois.

Joe Owens, music director at South High School, introduced the three band students who attended Southern Illinois University at Carbondale.

Mary Metcalf playing the marimba, Carla Ryterski on the flute and Mary Grace on the clarinet performed "Scherzo" by Tustin for their segment of the presentation.

Mrs. Emmett Beeler, president, conducted the meeting and with the assistance of Mrs. Hughes Blake, served a dessert course. Others attending were Mrs. Grant Takmajian, a guest, and members, Mesdames Elmer Branding, Lucian Dressell, Clifford Graham, John Harsh, Warner Hess, Hugh Krause, Lawrence McCauley, Louis Meek, Ted Schaefer, James Stuart, Albert Taylor, Dawson Wade, Fred Werner, Miss Lucinda Buck and Miss Hazel Towery.

70 at Anchorage pot luck dinner

The Rev. Roy Meredith gave the invocation at a pot luck dinner last week for 70 members of Anchorage Senior Citizen Club held at the housing facility recreation hall. Guests attending included Paul Baker son of Mrs. Arlene Baker, a member, and Marilyn Sutton from the Bahamas, Charles Ogelsby, son of another member, Sarah Ogelsby, Betty Heil and Margie Burger, both from the Third Baptist Church, David Morgan and Mabel Campbell from San Antonio, Texas.

Gift certificates were awarded to Lena Harmsen, Bertha Frith, Florence Ashal, and Elizabeth Gazo, and the birthday flower was won by Margaret Butler.

The business and birthday meeting is set for Oct. 1, according to the President Georgia Butler. Rev. Leroy Filby offered the closing meditations.

MR. AND MRS. JEFFERY BRIGGS whose wedding was solemnized at St. John Lutheran Church. Formerly Miss Tina Rae Mock, the bride is the daughter of Mrs. Loretta Rose, 1619 Delmar Ave.

Briggs-Mock wedding at St. John Lutheran

St. John Lutheran Church was the scene of the wedding on Sept. 6 of Miss Tina Rae Mock, the daughter of Mrs. Loretta Rose, 1619 Delmar Ave., and Jeffery Allen Briggs, son of Mr. and Mrs. William Briggs, 1924 Johnson Road.

The Rev. Samuel Boda officiated at the double ring ceremony at 6 p.m. before an altar decorated with bouquets of white pom poms and greenery.

Nuptial selections were provided by the church organist.

Escorted to the altar by her brother, Richard Rose, the bride wore an ivory bouffant Wedgewood lace gown accented with a Venise lace, etched with pearls, at the neckline and trimming the tiers of ruffles of the skirt.

Her long lace tapered sleeves terminated at the wrists with pearl buttons. She chose an open camelot cap of seed pearls and Venise lace to secure her chapel length veil enhanced with a satin trim. Her colonial bouquet was composed of ivory gar-

denias, dusty and burgundy roses intermingled with ivory baby's breath and tied with burgundy streamers. Lynn Pyatt, matron of honor, was gowned in a burgundy spaghetti strap A-line dress complemented with a chiffon cape edged in Venise lace.

She carried an arm bouquet of daisies, ivory carnations and ivory baby's breath. Tracy Briggs served as bridesmaid and selected a Daphne rose gown with a chiffon cape enhanced with Venise lace. She also held an arm bouquet of dusty roses, ivory carnations and baby's breath.

The groom chose Charles Lipe as best man and his brother, Scott Briggs as groomsman.

Michael Pyatt and Steve Briggs, another brother of the groom, seated the guests.

Noel Pyatt and Laurinda Langlois were ringbearer and flower girl.

A reception followed the ceremony at the American Legion Post in Granite City with music furnished by Darrel Oreander.

Ladies Coterie hears student

The scholarship recipient of The Ladies Coterie Club was the guest speaker at the September meeting of the organization held at the First United Presbyterian Church.

Dr. Goni Michaeloff, a teacher at North High School, introduced Ethyl Mathis who attended a summer session at Eastern Illinois University, sponsored by the club. She studied oral interpretation and gave a review of the course and her experiences while attending the university.

The program was presented by Mrs. Louis Meek and hostess for the day was Mrs. T. C. Aufderheide.

President Mrs. John Gordon presided at the meeting and led the group in the closing prayer.

Mrs. Mary Bilbrey gave the club collect and the pledge to the flag was by Mrs. Marie Klein.

Mrs. Gordon announced the club had received an award of excellence for membership from the Illinois

Federation of Women's Clubs.

The budget was presented and a discussion was held on the scholarship project for next year.

During the session members who observed birthdays during the summer were honored.

Hostess for the October meeting will be Mrs. Ida Cariss and Mrs. Hugh Foster will be in charge of the program, it was noted.

Others attending were Mesdames Emmett Beeler, Joseph Bilbrey, Clarence Boettiger, William Cariss, Marvin Eddington, Hugh Foster, James Fox, E. J. Griffith, Lyndell Hagaman, Floyd Henley, Ray Horn, David John, C. L. Louis, Bonard Maples, B. S. Miller, E. F. Reiske, A. C. Stoeber, Dawson Wade and Fred Werner.

MR. AND MRS. FRED BRIGHT of Madison, guests of honor at a 40th anniversary celebration at Englebert Hall, hosted by their children. The couple have resided in Madison for 35 years. They received approximately 350 guests at the social event.

Civic group sells tulips

The Women's Division of the Tri-Cities Area Chamber of Commerce is offering 5,000 tulips from Holland for sale.

Orders may be placed this week by calling the Chamber office at 876-4400.

Delivery of the bulbs is expected next week, according to Jo Meyer, chairman of the Women's Division Beautification Committee.

The bulbs will be available in packages of 20 bulbs, all of single color, costing \$5 each package.

If sold separately, each of the special bulbs is worth more than 60 cents, Mrs. Meyer said.

The bulbs are being shipped here from the Langeveld Bulb Co., whose nurseries are located in Lisse, Holland.

Due to the limited number of bulbs being made available, the orders will be processed on a first-come, first-served basis, it was noted.

Each purchaser of a package of bulbs will receive a colored brochure describing the method and time for planting the various species of bulbs.

Landscaping information and techniques for forcing tulip, hyacinth, crocus and daffodil bulbs for indoor planting also are featured in the well illustrated brochure.

Bulbs being offered include:

Mariette, a lily flowered tulip between 22 and 24 inches tall which blooms in May.

Fantasy, a deep rose parrot tulip, plant in fall months for early flowering.

Mariette, a lily flowered deep satin rose tulip, and Fantasy, a parrot tulip, also a deep rose color, both of which bloom in May.

Golden Oxford, a classic bright yellow, and Hollands Glory, a vivid red tulip. Both are Darwin hybrid tulips that flower in April.

All the bulbs may be planted this fall for late spring and early summer blooms, Mrs. Meyer advised.

Bus drivers' talks continue

William J. Wilson, general manager of transit, Bi-State Development Agency, announced Tuesday that Division 788, Amalgamated Transit Union, has rejected the agency's offer given on Sept. 9, and reiterated its demand to submit the matter to arbitration under federal statutes.

However, while maintaining this position, the union did indicate an interest in continuing to try to reach an agreement.

In view of this, the agency has rescinded its notice to terminate the current agreement, and agreed to continue the current extension agreement with the understanding that any increases in compensation or benefits under the present agreement will not be granted unless such items are subsequently made part of a new agreement.

As a consequence, both parties plan to meet in the near future in an effort to reach an agreement.

On Aug. 29, Louis F. Gorman, president, Amalgamated Transit Union Division 788, and Wilson jointly announced that the bargaining agreement expiring on Aug. 31 was being extended on a day-to-day basis with 48-hour notice of termination.

While negotiations have been proceeding well and a number of contract changes have been tentatively agreed to between the union and the agency, some economic issues have not been clarified.

JUVENILE ARRESTED
A 16-year-old Parktowne West Mobile Home Park resident was arrested at the end of Cayuga Street near Route 3 at 6:25 p.m. Monday and was charged with possessing marijuana.

Police were told a group of boys had been smoking marijuana in the street and when they responded, the 16-year-old allegedly hid something in his trousers. He surrendered a cannabis pipe full of marijuana, police alleged. He was released on a notice to appear before juvenile authorities.

UNDERCOATING—RALPH'S TEXACO
22nd & MADISON AVE.

Attrition may avoid BAC staff layoffs

In a statement read to the Belleville Area College board by Don Libby, a BAC counselor, it was asserted that the board "has not followed regularly accepted principles for collective bargaining. You blithely say you want a contract and then perform in a way that shows you do not."

"Is it your intention," he asked, "to break the union?"

Libby warned, "You are moving toward a confrontation that is of greater magnitude than your personal whims. I urge you to more fully ascertain the wishes of your electorate and to move to fulfill your legal obligations to this electorate."

The BAC board has declined a proposal by the American Association of University Professors to take "productivity" measures only to binding arbitration. At that time, Board Member Jack Becker of Sparta said, "To subvert our negotiations to arbitration would be an abrogation of the duties for which the citizens elected us."

The board has combined a salary increase offer of 10 percent plus increment with measures that would increase the class load of some teachers by one class per semester.

Librarians and counselors would be required to work 40 hours per week.

In later moves, the board offered individual contracts to teachers who would sign a "no-strike" pledge, giving those who signed by a particular date retroactive

raises to Aug. 18. Faculty members who sign later than the assigned date are to receive their raises effective on the date the signed contracts are returned.

In response to the arbitration proposal, the board issued certain guarantees intended to ease the fears of faculty members concerning possible layoffs.

These guarantees include (1) no layoffs before the end of summer 1981, (2) removal of reimbursement and credit hour limits for graduate work to prepare to teach in another area of the college through the summer of 1981, (3) for faculty members who might not have a full teaching load during the spring semester, released time for recruiting duties, and (4) help in the search for other employment for any faculty member whose position was affected and he or she had declined to take advantage of the educational incentives offered for retraining.

A spokesman for the board said that, while no guarantees could be given that no layoffs would occur, it was anticipated that increasing enrollment and natural attrition would prevent the layoff of faculty members as a result of increased productivity.

No further negotiations meetings were set. Interim President Bruce Wissore, who has been the college's chief negotiator for several years, said, "We will continue negotiation until a master contract is agreed upon."

The Air Force Band of Mid-America will be the featured entertainers at the "I Love America" program Sunday, Sept. 28, at 6 p.m., at Tri-City Tabernacle, Maryville Road and Clark Street, according to an announcement by Dr. Thurnace York, host pastor.

Dr. York added, participants will include many representatives from the Illinois and Missouri statesmen including

representation from the Senate, Congress, House of Representatives at the state level, and county city and township officials. They are also participating representatives from the presidential candidates offices.

One of the highlights of this program will be musical selections by Missouri Attorney General John Ashcroft and Circuit Judge Max

Bacon of the 31st Judicial Circuit of Missouri.

The Tri-City Tabernacle Choir will also perform under the direction of Lonnie Manning who has headed University Music Department at PTL and has achieved superior ratings in directing college and high school choirs across the country.

Grand finale of the evening will be American apple pie and ice cream and a spectacular fireworks display.

For reservations those interested are advised to call 931-4500.

Worker falls about 20 feet at ADM plant

James Cedar, 29, of 2716 E. 24th St., was injured when he fell 17 to 25 feet onto a steel floor inside the soybean processing building at the Archer Daniels Midland Co. soybean processing plant on Cargill Road at 11:15 a.m. Monday.

Granite City ambulance personnel had a difficult time removing him, because he was on the second floor of the building, accessible only through narrow stairways and passages.

Additional personnel had to be sent to assist the two emergency medical

technicians who responded to the call.

Cedar, an employee of Granite Sheet Metal Co., was patching a hole in a steel deck, high in the air, when he fell. The cause of the fall has not been determined, authorities said.

He was finally removed from the building about 11:40 a.m. Monday and was taken to St. Elizabeth medical Center where he was admitted for mild shock and head injuries.

REGISTRATION EXTENDED. Vaughn Langston of Granite City selects classes during fall quarter registration activities at Southern Illinois University at Edwardsville. Langston is a junior at the University, majoring in electrical engineering. To accommodate individuals who may have been out of town on regular registration days and those who may have made up their minds to attend classes too late to register, late registration is being held at the university during the first week of classes. Students may register today until 7 p.m. and tomorrow from 8:30 a.m. until 4:30 p.m. in Room 1308 of the John S. Rendleman Building. Persons who wish to enroll in classes for their own enrichment, may participate in the Educard Program, a program which allows members of the community to attend selected credit classes on a space-available basis.

Steelworkers take CPR

Several members of the United Steelworkers of America, Local Union 1063, at American Steel Foundries, have completed a course in cardiopulmonary resuscitation (CPR) basic life support training.

The training was arranged through the Tri-Cities American Red Cross Chapter, a United Way

agency, and taught by Joe Williams, a safety representative for Machinists' Local 660, who was assisted by Clifford Duniphan.

Both instructors are employees of American Steel Foundries.

Lester L. Prossie, Local 1063 president, assisted the Red Cross by obtaining a

manikin through the United Way for use in the classes, it was learned.

Prossie said, "I am very proud of those members who took time from their busy schedules to acquire the skills that could help save the life of a family member, a friend or a fellow employee."

The union officer expressed the hope that most members of the Steelworkers local eventually will be trained in CPR techniques.

The recently completed class was organized for co-workers by Sharon Rogers, Local 1063 financial secretary, and Wanda Felton, insurance representative for Local 1063.

Among the course graduates are Mike Ditch, Stephen Austin, Ralph Watkins, Wanda Felton, Rick Cooper, Ed Self, Virgie Brown, Mr. and Mrs. Charles Giovando, Danny Davis and Sharon Rogers.

Additional classes are being planned, it was learned.

Anyone interested in participating in a training session is invited to contact the union officers, either of the instructors or Maxine Duniphan, Red Cross first aid chairman, at 931-2714.

Colleges studying funds, enrollment

Members of the Illinois Community College Board (ICCB) attended the Southwest Region Illinois Community College Trustees meeting in mid-September at Godfrey. The ICCB met at Lewis and Clark Community College the next day.

Elizabeth Jenner, chairman of the Southwest Region trustees group, introduced ICCB Vice Chairman Toussaint Hale Jr., Paul Schafer, Joel Jennings, Jim Osborn (student representative), Vivian Nedak, Delores Ray, William "Sid" Campbell and Paul Hanks to the area community college presidents, board members and staff members attending the event.

Other representatives from Belleville Area College present were board member Avery Schermer and his wife, Betty, from Granite City; BAC Acting President Bruce Wissore; and Public Information Director Doris Slocum.

The Southwest Region trustees meet regularly at one of the community colleges to discuss problems and concerns of the colleges.

At the meeting, trustees heard Hale announce that both the ICCA and ICCB have embarked on projects to help all college trustees define their roles.

Following a recent self-study by the ICCB, other objectives for the coming year were established, Hale said. These include a project to study enrollment trends and encourage colleges to develop innovative programs; development of a comprehensive research program; and development of a statewide community college public information program.

Major speaker for the evening was St. Louis Community College Chancellor Richard Greenfield.

Greenfield's director of community relations, Robert Gaffner, is also an Illinois community college board member, serving on the Kaskaskia College board. Greenfield spoke about problems confronting community colleges in the areas of funding and enrollments, and encouraged the assembled trustees to "see yourselves as responsible for your decisions, and consider your chief executive officer your right arm in carrying out your decisions."

The screening is one of the field experiences in nearby communities for students at the Southern Illinois University at Edwardsville School of Dental Medicine.**High priority for new dental school building**

Equipment funds for the women's gym remodeling project at Southern Illinois University at Carbondale and planning funds for the permanent campus of the SIU at Edwardsville School of Dental Medicine head the capital budget priority listing for the SIU system for fiscal year 1982 (July 1981 to June 1982), newly approved by the SIU Board of Trustees.

The priority listing will be submitted to the Illinois Board of Higher Education as part of the Resource Allocation and Management Program (RAMP), a budgeting plan instituted by the IBHE as the first in a series of steps required in development of actual operating and capital fund requests for the year beginning next July 1.

SIU at Edwardsville has six projects for which \$2,762,700 will be sought, while SIUE lists 15 projects totaling \$8,267,100 for a system total of \$11,029,800. Funding of \$3,853,700 to remodel the women's gym was approved by Gov. James Thompson Aug. 29 and will be included in the fiscal year 1981 budget. The No. 1 system priority for FY 1982 is \$300,000 for women's gym equipment.

The No. 2 priority is \$977,300 to provide schematic and definitive design and construction documents for a building with 67,103 square feet for the School of Dental Medicine campus at Alton. University officials anticipate requesting approximately \$14 million in construction funds for the project in FY 1983.

Other SIUE capital projects and their system priority ranking are: renovation of chemical storage room and electronic filter system for

the dental lab, \$86,000, No. 5; energy conservation remodeling, crossover and diverter pipes for chilled water, \$224,000, priority No. 7.

East St. Louis Center, health and safety remodeling, \$528,800, No. 10; renovation of Wagner Service Center, \$714,000, No. 15; and planning for an instrumental music rehearsal annex, \$232,600, No. 20.

Other SIUC capital projects and their system priority ranking are: School of Medicine clinical support and services building, planning, \$622,000, No. 3; replace underground electrical utilities, \$287,500, No. 4; power plant boiler economizers, \$1,869,400, No. 6.

Energy management system, Phases II and III, and attic insulation, six buildings, \$1,092,800, No. 8; energy conservation remodeling, various projects, \$195,200, No. 9; handicapped access remodeling, \$518,500, No. 11.

School of Medicine handicapped accessibility remodeling, \$74,200, No. 12; planning of Pulliam Hall remodeling, \$167,900, No. 13; new roofs for 10 buildings and other remodeling, \$1,775,000, No. 14.

Steam plant addition planning, \$167,900, No. 16; replace track and remodel, \$431,000, No. 17; Small Group Housing, remodel, \$320,000, No. 18; Wheeler Hall renovations, \$87,700, No. 19; and campus site improvements, \$328,000, No. 21.

The system staff reported that in merging the requests of both universities into a single priority listing, many project priority considerations were recognized. Priorities included projects in a state of partial completion and requiring

further funding; projects deemed necessary in order to retain or acquire accreditation of a program; those initiated in response to violation of regulations or codes.

Also, projects related to energy conservation, to accessibility for the handicapped, or to health and safety; and projects for rehabilitation, remodeling, and realignment of existing facilities, with special consideration given when preservation of the facility is a concern.

\$15,402 in local fines distributed

Fines totaling \$15,402 collected by the circuit clerk's office during August have been distributed to the Quad-City area, according to Madison County Clerk Willard V. "Butch" Portell. The local distribution was from a total of \$163,101 in fines distributed by his office from August collections.

Granite City received \$12,607, Madison got \$1,509, Venice \$745 and Pontoon Beach received \$545, according to the report.

The county government received \$39,835, the state received \$40,499 from overweight trucks, the Illinois Commerce Commission got \$175 and the Department of Conservation received \$380.

Granite City was the third highest city in funds received. Alton lead the list with \$18,225, followed by Collinsville with \$13,340.

South bombs Tigers but settles for narrow win

ON THE MOVE. Granite City South's Robbie Mann (right) and teammate David Fernandez outrance Edwardsville's Dale Oberlag (left) to the ball Tuesday night in Gateway East

Conference action at South. The host Warriors dominated the game, outshooting Edwardsville 40-3, but had to settle for a 1-0 victory.

(Press-Record photo by Ed Seltzer)

Cougars still licking wounds

By AL BARNES
For the Press-Record
EDWARDSVILLE — The members of the Southern Illinois University at Edwardsville soccer team were licking their wounds following their loss at the annual Cougar Classic

hands of the Indiana University Hoosiers, 1-0, Saturday night at Cougar Field. That one-goal advantage gave the Hoosiers the championship of the second annual Cougar Classic

Tournament. The University of Portland Pilots, in somewhat of an upset, turned back the Gamecocks of South Carolina U.-3, 1, to capture third place laurels. Indiana scored the game's only goal at the 19th minute on a direct free kick from about 25 yards out that was about a foot and a half to the right of Cougar keeper Mark Downard's outstretched hand. Making the kick was Pat McGauley, a winger from Indiana from St. Louis' St. Mary High School. Freshman Leo Bournelle, who has been very impressive for the Cougars, was charged with fouling the

Hoosiers' Keith Meyer, another St. Louisian, who eluded the SIUE defense at midfield and penetrated down the left side of the field toward the Cougar goal. But, the game's most crucial action, for the Cougars, at least, came after 27 minutes of play when after "Mr. Clutch," Matt Malloy, had to leave the game with a dislocated left shoulder which may sideline him as much as three weeks. He leads all SIUE scorers with seven points.

It was a typically hard-fought IU vs. SIUE soccer game, featuring as they do, mostly St. Louis reared

and trained players. The two teams had previously split four games—all post-season regional tournament contests. And, it was the first time that Indiana had beaten SIUE on the Cougar Field. Defensively, led by Tom Grouck, the Cougars put the clamps on Indiana's great scoring leader, Armando Belancourt, who was held to just two shots-on-goal in the entire game, and those wild and far-out efforts were in the first half.

The Friday night (Sept. 26), the Cougars will host the Hardin-Simmons U. Cowboys of Abilene, Tex., at 7:30.

GRANITE CITY — Chris Mackie probably thinks somebody's out to get him. Mackie, Edwardsville's standout goalie, looked like he was up against a firing squad here Tuesday night. He was equal to the task. All but once. That was enough. Granite City South got a goal from All-American David Fernandez in the first quarter, made it stand up and beat Edwardsville 1-0 in a Gateway East Conference game. But that's not the whole story.

Simply put, if not for Mackie the score most likely would've been 10, 11 or even 12-0. He made that many saves. He made 19 to be exact, no fewer than nine of which were of the major league variety. He also got some help from the goal posts and some over-anxious South shooters.

"Their goalie is excellent," said South coach Gene Baker. "No doubt about it. He had a great game against us earlier (a 1-1 tie) and he looked good tonight. But we were getting the shots we wanted. They just wouldn't go in."

Edwardsville coach Bruno Gwardys echoed the sentiments. "He (Mackie) is the best goalie in the state," he said. "I've said it all along and nobody believes me. He's definitely NCAA Division 1 material. If somebody big-time doesn't recruit him, they're crazy."

Aside from Mackie, Edwardsville didn't have much to cheer about. It was South. So much, in fact, that the Warriors outshot the Tigers by an incredible 40-3 count. Time after time, South worked the ball within range and fired off a shot. And time after time the ball was caught or tipped by

Sept. 15 against Rosary, scored off a free kick at the 4:11 mark of the game. The ball looped leisurely over Mackie's outstretched hands and into the back of the goal. The fans could smell a blowout. It never came.

South actually put the ball behind Mackie three times. But two were called back on offside penalties. And Warrior back Greg White missed a penalty kick early in the game. The ball sailed wide to the left of the goal.

"The could have affected the kids," said Baker. "But any time a player misses a penalty kick, I take the time to teach them it's a privilege to take them. White's out there to concentrate on defense. That's enough."

Gwardys also felt the missed penalty kick changed the flow of the game, however temporarily. "Anytime a player misses a shot that's made 90 percent of the time, it affects him. I'm not so sure the success rate on penalty kicks in high school is that high. Maybe he was intimidated by Mackie."

Indicative of how things went for South was a play that came at the 15:15 mark of the second period. South's Robbie Mann received a perfect setup pass from Fernandez and found himself streaking all along in on Mackie. A simple touch of the ball would've made it 2-0 easily. But instead, Mann tried to blast the ball through

(Continued on Page 24)

Tiger coach doesn't think South'll win 5th

GRANITE CITY —

There's at least one area soccer coach who's not especially impressed with Granite City South. Edwardsville head coach Bruno Gwardys.

On the heels of his team's 1-0 Gateway East Conference loss to the Warriors Tuesday night, Gwardys echoed comments he's made several times this season. "I simply don't think South has the poise and maturity to be a serious contender for the state championship this season," he said. "Oh sure, they're good. But the rest of this area's down this year."

Gwardys spoke after his team had just been outshot 40-3. "They don't have the foot or six rock solid players like they did in the past," he said. "They have some weaknesses. They don't have the DeBrousses or the Dick Burnetts or the Phil Beljanskis anymore. They have David (Fernandez), who's a super player and maybe Robbie Mann."

South had 10 corner kicks. Edwardsville had none. The Warriors' goalie had to make 19 saves and looked like he'd just faced a Gatling Gun after the game. South's Joe LeMaster had to make one save. Late in the fourth quarter, "Statistics aren't important. After all, the football Cardinals can have great stats and still lose the game. It still goes down in the books as a 1-0 game."

South's only loss was 2-0 at defending Missouri state champion Rosary. A game in which they outshot the hosts. Edwardsville's other loss came at the hands of Alton Marquette, in its first year of varsity soccer competition. "We didn't play with confidence against South," Gwardys said. "We came in knowing they're four-time state champs. They had the drums and their flag and the big crowd. They try to intimidate you with it. But you can't win with emotion alone."

That's right, coach.

Marquette bursts upon the prep soccer scene

GRANITE CITY — The big news this week isn't that Granite City South remained a unanimous choice for the top spot in the weekly Press-Record Prep Soccer Poll. The news isn't even in the top five. It's among the honorable mention choices.

Unheralded Alton Marquette (4-0) bursts upon the scene this week, making it for the first time into the top ten.

The amazing thing about it is that Marquette is in its first year of varsity soccer competition.

Marquette's Explorers aren't ready to contend for the state championship just yet, but they're making their presence felt. They used fourth-ranked Edwardsville 2-0 last week.

Midway through their first-ever schedule, Marquette coaches Gentelin and Mike Velloff are sorry they couldn't schedule any tougher teams for the second half of the season. "When you're in your first year of soccer, you have to take whoever'll play you," said Velloff. "We've tried to schedule Cahokia, some Springfield schools and even went to Quincy. But they already have the teams they want to play. We understand that. But we're sorry now that our tougher games are over. We're going into subsectional time and that's when you want tougher games."

Things look bright for Marquette's future, however. They've got only five seniors," said Velloff. "All the rest are sophomores. We've only got three juniors out and none of them start."

Defending state champion Granite City South remained the unanimous choice for the number one spot last Friday when they bombed hapless Collinsville 5-0.

Next in line is Belleville Althoff, which lost an overtime decision to highly-

touted Hazelwood Central last week. Then comes Granite City North. The Steelers (3-0) are off to another good start. Last week, they bombed Wood River 2-0.

In the fourth spot goes defending Class 3A state champion Mascoutah (3-0). Edwardsville (1-1) is in the number five spot. Rounding out the top ten are Belleville East, East St. Louis Lincoln, Roxana, O'Fallon and Bethalto.

Conference champion, had trouble playing its scheduled games during the week. Saturday, the Steelers game at Hazelwood Central had to be postponed because one of the goals was demolished during a junior varsity game accident. Monday, North's game at Belleville Althoff was postponed because of rain and lightning.

Surprising Edwardsville (5-2) was beaten twice during the week. Last week, the Tigers were upset by Alton Marquette, in its first year of varsity soccer, 2-0. The Explorers scored two times early, forcing Edwardsville into its defensive stance. Tuesday, the Tigers were bombed by Granite City South (outshot 40-3) but received excellent goal tending holding the Warriors to a 1-0 win (see related story).

Alton High's Redbirds bring up the fifth spot in this week's poll. They drop a notch from fourth last week. Leading the way in the Honorable Mention category is Quincy Senior with 21 points.

East St. Louis is tabbed tops

GRANITE CITY — The East St. Louis Senior High Flyers were the top choice this week in the Press-Record Large School Prep Soccer Poll. But they're in a mighty fine company.

The Flyers, who received all five first place votes, did nothing to hurt their chances for the number one spot last Friday when they bombed hapless Collinsville 5-0.

South hosts Althoff; North visits Roxana

GRANITE CITY — It'll be homecoming Friday night in Granite City when GC South's football Warriors host defending Gateway East Conference champion

Belleville Althoff at Memorial Stadium. But Coach Stan Wojcik and his team aren't thinking about who's going to the dance or bonfires or queen candidates.

They've already got enough to worry about. South (0-3) will take on an Althoff team that remains pretty well intact from the

one that last season advanced all the way to the State 4A Semifinals before bowing to LaSalle-Peru 14-7.

In other games, Granite North is at Roxana Friday and Madison visits Columbia Saturday.

Althoff's a little mad. The Crusaders have tried twice to finish a critical conference game with Edwardsville that was postponed at halftime two weeks ago during a lightning storm. The second time (last Tuesday) the two teams got together to play the second half, another lightning storm erupted and they never got started. On top of that, they lost an overtime game last Saturday night to Hazelwood Central 14-7.

But Wojcik isn't too worried about Althoff's problems. He had enough of his own last week when his team dropped its conference opener to Cahokia — one the South staff had probably counted on winning. The Warriors' other losses were to O'Fallon and Belleville East.

Oh yeah, Belleville East. On the second weekend of the

season, Althoff defeated East easily. Granite North, meanwhile, is on the other end of the ladder. The Steelers are 3-0 going into their non-conference showdown at Roxana. Last week, North

downed Wood River 28-7 while Roxana (2-1) beat Alton Marquette.

Roxana and North have a common opponent. The Shells beat Collinsville 14-0 the first week of the season. The second week, North

bombarded the Kahoks 28-9. When the Steelers tangle with the Shells, a real knock-down, drag-out could result. Both teams have strong defenses, but the best suit of both is the offense. North

hosts one of the top running backs in the area in Kevin Buchanan. And quarterback

Danny Patterson looks solid. Roxana is solid too. The Shells, tabbed as the pre-season favorite to win the Mississippi Valley Conference championship, have a top quarterback in Tim

Vinyard, back after missing seven games last season because of injuries. Tim is the third Vinyard brother to

be his passing game." Roxana has a history of having a strong running game, too. This season is no exception. The Shells have a wealth of heavy duty ball-

oters, including halfbacks Seth Robinson, Scott Acker and Scott Bright and fullbacks Barry Bodenbach, Terry Allen, Mike Todd and

Trojans nip Waterloo

By TOM SCHOCKER
of the Press-Record

WATERLOO — Having dropped a number of close contests earlier in the season, the Madison soccer squad has put together the art of its own goal victories. The Trojans pulled out a 1-0 overtime triumph against Waterloo Tuesday.

The shutout was the second in a row for the Madison kickers and the second by a lone tally, boosting the Trojan season mark to 3-1. The ironic thing about the game was that Head Coach Gene Briggs had inserted a new goalie and it was Madison's former keeper, Avery Crawford, who scored the winner.

"I put Jim Broadway in goal in our last game," said Briggs. "He's had a facial injury and I didn't want him in the field. He did a good job too. It just happened that Avery (Crawford) got the goal."

Crawford put the contest away with just two minutes gone in the first overtime period. Senior halfback Ed Forister set up the winner on a cross from about 30 yards out. The ball went

across the goal mouth as Bud Hinson reeled off a shot. Deflecting away from the goalie and off the crossbar, the ball found its way to Crawford who literally forced it into the net.

"I think when we go out and play a tough game and then come out on the losing end," said Briggs, "it's hard to say we gave it our best effort. Maybe we could have done more. But it's paying off for us now. We found out we're doing it right."

Madison did all that they could for four periods. It wasn't until Briggs' changes in the extra quarter that the Trojans got on track. "I moved Forister up from his right fullback position to halfback in the overtime," said Briggs. "I just took all my beef and moved it up to the front."

Forister's contribution was not only significant in setting up the winning goal, but his play on defense throughout the contest allowed the Trojans and keeper Broadway to preserve the shutout. Waterloo could only get close enough to fire nine shots in which Broadway was called on to save four of them.

"Everytime they (Waterloo) came down the field on the attack," said Briggs, "one of our fullbacks was there."

Seniors Jim Woodson and Percy Joiner teamed up with Forister to cut down any scoring opportunities for Waterloo. "You also have to give credit to our defensive backs," Co-captain Darnell Dixon and Carvel Claggett," said Briggs. "You can't point to one player for a great amount. One guy can't do it all. I look at those five as a group. It's got to be a team effort."

With their defense looking strong, the Trojans still have the problem of not enough goals and an abundance of shots. "If I had one powerful striker that would take care of the shots," said Briggs, "we would probably run away with every game we have played so far." Madison again doubled its opponents shot output, 18-9.

"If we can put the ball in the net," said Briggs, "the defense is going to stick with it. I go into games now, not thinking how the other team is going to get an easy goal, but that they will be in trouble if we get a lead."

Salukis want to bounce back in game at Drake

CARRONDALE — The Southern Illinois University football Salukis (1-2) hope to rebound from last Saturday's disappointing 18-17 setback against New Mexico State as they face Drake University (2-1) this Saturday at 1:30 in Des Moines, Iowa.

In last week's loss to the Aggies, coach Ray Dempsey's squad wasted a 17-point bulge in the last quarter. A 56-yard touchdown pass by Aggie Quarterback Butch Kelly to tailback Terry Haynes with 1:33 remaining climaxed the rally. The touchdown was followed by a successful two-point conversion to give the Missouri Valley Conference rival the win.

There were some bright spots for the Salukis in the evening. The running back tandem of junior Walter Poole and senior Vic Harrison combined for 250 yards as both went over the 100-yard barrier in the game. Poole, who has scored four touchdowns in the last two games, rushed for 121 yards against the Aggie defense. His season total of 270 yards leaves him just 13 shy of his two-year career total.

Another back showing improvement is Harrison. His 278 yards this season better his total gained last year by 94.

With the pre-season question of the offensive backs answered, Dempsey will be turning his attention towards the defensive secondary.

The Saluki pass defense is allowing an average of 254 yards per game. The inexperienced secondary is ranked sixth in the MVC in pass defense.

This week the Saluki pass defense will be tested by Drake's senior quarterback, Rick Casko, an AP second-team all-MVC selection last year. He has passed for 515 yards and four touchdowns this fall.

"Their quarterback play is

better than even," Dempsey says. "Casko has been very consistent this year."

Along with Casko, the Bulldogs have 14 other starters returning from their 1979 squad. Drake's experience is in both interior lines, where every starter is returning.

Drake has bounced back from an opening season conference loss to Indiana State, 13-10, by winning two straight games. Coach Chuck Shelton's unit has come alive against Augustana (S.D.) and Lamar. In those two tests, the offense racked up 80 points, while the defense allowed just seven.

"Drake is a good football team. They have experience in all areas of their game," Dempsey says.

Illini without Holmes

CHAMPAIGN — The University of Illinois may be without the services of its star running back Mike Holmes this Saturday when it hosts Air Force.

Holmes, who also missed last Saturday game at Missouri, has a knee injury. According to Illini head coach Mike White, Holmes is only at 75 percent. "It wouldn't be fair to play him," said White.

Meanwhile, the situation of quarterback Dan Wilson looks as if it will go unresolved for another week, thus allowing him to play Saturday.

the net and would up pouncing it off the right post. Fernandez didn't start Tuesday, but went into the game to stay about five minutes into it. "He played well," said Baker. "But we won't play him for a while. At least, Friday (against Belleville Althoff) he won't play. But this was an important conference game for us. We needed him and he wanted to play badly." Fernandez suffered a severe ankle sprain last week when he kicked into a blocked ball in South's loss at Rosary.

At times, the rough play resembled a Granite North-South or South-Collinsville game. South's first real conference rivalry besides North may be emerging.

Grid

(Continued from page 22)

Mark Fouch, Bodenbach is a 165-pound sophomore who shows enough promise to develop into one of the top backs ever at Roxana. He ran for over 1,200 yards at the freshman level.

Madison High's football Trojans find themselves in an unusual position. They're coming after their third straight VICTORY at Columbia in a conference game. That's right. VICTORY. The Trojans have found new life under returned head coach All Von

"I'd like to play them again," said Baker with a grin. "We need pressure games to keep us up. Winning big really doesn't do us as much good."

The Tigers' defense did one thing—bunch up the middle in front of the goal. "Our defense, I think played very well," said Gwardys. "And I think we were able to take the game to them."

"We're able to use our size to intimidate people," he said. "We've got some guys over six feet tall. When you put them up front on a corner kick, you're going to intimidate your opponent, no matter who it is, four-time state champ or not."

Trouble was, Edwardsville didn't have any corner kicks Tuesday at South.

der Haar. After dropping their first game of the season to Quincy Notre Dame, they beat Quad County Conference foe Breese Central and then thumped out-of-state foe Perryville St. Vincent last week.

The Trojans were led last week by their running game. Willie Ball ripped through the St. Vincent defense for 137 yards, while mates Bernard Harper and Ken Briggs picked up 95 and 65 yards respectively. Harper scored two touchdowns and a two-point conversion run.

GREG MULACH was chosen over the weekend as an alternate for this year's United States National Junior Team at tryouts in Chicago. Mulach was the only goalie from the Midwest sector to be chosen at the camp. He is a freshman goalie at the University of Miami, Ohio and is a graduate of GCHS South. He was starting goalie the last two seasons for South. He is the son of Mr. and Mrs. Jack Mulach.

Marty Robbins to
race here Sunday

GRANITE CITY — Many of the top late model stock car drivers from throughout the midwest are expected to compete in the first Midwest 100 at Tri-City Speedway, Granite City, this Sunday afternoon, Sept. 28.

Gates will open at 10 a.m. with warmups at noon and the time trials at 1 p.m. The race will start at 2 p.m.

The rain date is set for Oct. 12.

Gates will open at 10 a.m. with warmups at noon and the time trials at 1 p.m. The race will start at 2 p.m.

Can 11-year old beat
all-star Craig Virgin?

ST. LOUIS — Can an 11-year-old beat American record holder Craig Virgin who has run the world's fastest 10,000-meter race this year?

That question will be decided on Sunday, Oct. 5, when Chris Koon, 11, of Clayton, takes a shot at Virgin in the second annual Natural Light Stadium Run, a 10,000-meter handicap race which ends on the baseball field of Busch Stadium.

In last year's race, Koon was headed across the outfield on his way to the finish line on second base when Virgin of Lebanon, Ill., caught up and won the event. But, Koon was happy to be second to Virgin who is his sports hero.

The way the handicap race is structured based on the runner's age and sex, anyone has a chance to cross the finish line first. This year, Koon will have a 10-minute

head start on Virgin.

Last year, Virgin won the Natural Light Stadium Run with a straight time of 30:16. Koon says his fastest time for the 6.2-mile event is 39:29 without the 10-minute handicap. However, Virgin's best performance this year has been 27:29-02, which he ran in Paris to be second fastest in the world at 10,000 meters.

Koon, like virgin, has been working out every day getting ready for the big race. Each morning before heading for classes at Glenridge School in Clayton, Koon runs two miles and puts in another seven or eight miles after school.

"I made some mistakes last year," Koon said, "by looking back to see where Craig was and by not running faster. This year, I think I can do better."

Koon was inspired to start running by his older brother, Tom Koon, who is on the Clayton High School track team. Since his second-place finish in last year's Natural Light run, Chris went on to win a mile-and-a-half Memorial Day Run for youngsters 11 and under.

"Right now running is exciting, but sometimes it's hard to keep practicing."

Swim lessons
offered at YMCA

GRANITE CITY — Ever know anyone who drowned? Chances are he couldn't swim. Learn to swim now at the YMCA, and learn the seven other rules for safety in the water. Have fun and safety by learning to swim. Call the YMCA at 876-7200 or drop in today.

Full swimming classes start Saturday, Oct. 4, Oct. 5, 6, and 7. There are classes for all ages from six months to senior citizens. They are especially important for anyone who is near a small swimming pool or pond or

ever expects to participate in any kind of water related sport.

Coe-ed Scuba classes will start Sunday evening, Oct. 5, and will again be taught by Phil Demming. Those persons passing the course will receive certification by YMCA, NAUI, PADI, AND AHA.

Persons 15 and older may join. The course includes weekly class time and water time at the YMCA and an open water class weekend. Registration will be taken before or at the Oct. 5 class.

Redbirds look
good in soccer

BLOOMINGTON — Soccer is looking good at Illinois State University as the Redbirds prepare to meet Monmouth College at 6:30 p.m. Wednesday at Hancock Stadium.

The Redbirds have evened their record at 3-3 and are enjoying a two-game winning streak. They enter their third of six consecutive home games Wednesday after winning the first two.

ISU will take on Loyola at 6:30 p.m. Thursday at Hancock.

Goalie Bob Tossick of Quincy gained two consecutive shutouts in the ISU wins last week. ISU earned a 4-0 win against Bradley last Wednesday to start it all off, then blanked the University of Cincinnati 1-0 Saturday.

ISU coach Bobo Fritzen

feels that Monmouth is better this year. "We beat them by a 10-0 score last year but they're improved. But we should be able to win," said Fritzen.

South
wins

GRANITE CITY — The Granite City South golf team defeated crosstown rival Granite North here Monday

162-167 in a match at Arlington Golf Course.

For South, scores were: Todd Burns 38, Larry Holder 39, Paul Zimmer 40 and Rich Bicanic 45.

North's scores were: Paul Eads 39, Bill early 41, Pat early 42 and Scott Ennis 45.

Continuity in Ill. House

By BILL WINTER
of the Press-Record

Residents of the 56th Illinois Legislative District are assured of continuity in their representation in the Illinois House, at least for the next two years.

Democrats Sam W. Wolf, 61, of Granite City and Jim McPike, 37, of Alton and Republican Everett Steele, 50, of Glen Carbon, all incumbents, are unopposed for three state representative positions on the Nov. 4 ballot. All gained re-election in the March primary.

What will happen after the next two-year term depends in part on the outcome of this fall's Illinois Constitutional amendment vote on whether to continue or end cumulative voting and three-member House districts.

If the amendment succeeds, districts would be divided in two and voters in November 1982 would pick 118 representatives, one from each district, instead of the present 177 (three from each of 59 districts).

Operator of a real estate and insurance agency in Granite City and a former Democratic national committeeman (initially chosen for that post in July 1976), Wolf became a precinct committeeman in 1966 and has been secretary-treasurer of the Madison County Democratic Central Committee since 1970.

He was a delegate to the mid-term conference of the national Democratic party and a national convention delegate.

Appointed to the state legislature Oct. 9, 1975, he served until January 1977. He was elected to a two-year term in November 1978 and now is running unopposed for another two-year term.

By appointment of House Speaker William A. Redmond, he serves on three House committees, Elections, Executive and Insurance.

He is a member of the County Problems Commission, the State Property Insurance Study Commission, and the Legislative Advisory Committee to the Southwestern Illinois Metropolitan and Regional Planning Commission.

He served in the past on the Environment, Energy and Natural Resources Committee, the Motor Vehicles Committee and the Banks and Savings and Loan Associations Committee.

Wolf and his wife, Mae, have two sons, Dave, 32, and Larry, 26.

The legislators were born in Venice and attended Venice schools. He has lived in Granite City since the 1940s and is a lifelong resident of the 56th District.

A member of the United Steelworkers of America while employed at Granite City Steel, Wolf was loan officer and then assistant vice-president of the Mercantile Mortgage Company, working there for a total of seven years before entering the real estate and insurance field in 1954. He has taken business courses at Washington and Northwestern universities.

The candidate holds membership in the National Association of Real Estate Boards and the National Association of Independent Insurance Agents.

Past president of the Granite City Board of Realtors and the Granite City Kiwanis Club, Wolf served in 1977 and 1978 as a legislative assistant for the Illinois secretary of state.

He handled extensive executive and administrative responsibilities during World War II, serving in the armed forces for five years and advancing in rank from private to chief warrant officer. He was a personnel officer and adjutant, in the field and at military headquarters, and served overseas in both the Asiatic-Pacific and European theaters.

Wolf has been active in the General Assembly in obtaining added homestead tax exemptions, commenting that "many people over 65 are on fixed incomes which aren't being adjusted annually for spiraling inflation. Their net dollar is being reduced day by day."

Laws which he sponsored authorized townships to deposit public funds in savings and loan institutions, authorized appellate court clerks' pay Downstate with the level in Chicago, increased state

fees for supplying statistical information to various commercial facilities, and eliminated duplication in reports required of the secretary of state.

Discussing his legislative experience, Wolf says, "I've learned a lot, and there is much more to be done."

Considered an authority in the field of taxation, he was among those instrumental in the replacement of the corporate personal property tax and sees the need for additional tax reforms and welfare revisions.

He is interested in continued improvement of roads and highways in Downstate Illinois, and regards the current House size reduction amendment as a threat to meeting various Downstate needs, since he believes it would lead to greater Chicago area control of the House of Representatives.

"Illinois districts now average 109,000 people, or 63,000 for each representative. The national average for state legislators is 33,000 people, and in Missouri the average is 20,000," Wolf comments.

Rep. Steele, formerly of Granite City and also experienced in the real estate and insurance business, is unopposed for his fourth House term, having been first elected in November 1974.

He maintains legislative offices in Granite City, Alton and Glen Carbon and periodically uses a mobile office to seek out the views of his constituents.

Steele said in this year's campaign that "as the senior member in length of service from the 56th District, I believe I can serve with increased effectiveness and continue working for programs which help the district and the state."

His successful legislative efforts have included earmarking of sales tax revenue—equivalent to the amount of sales tax revenue from gasoline sales—for road purposes, avoiding a gasoline tax increase in 1979 and 1980; stricter penalties for railroads that block highways more than 10 minutes; a requirement that out-of-state trucks purchase fuel in Illinois and pay motor fuel taxes while traveling in this state; a ban during winter months on utilities disconnecting service without prior notice to local health officials; golden age hunting and fishing licenses; protection against telephone harassment; and steps toward replacement of the Clark Bridge over the Mississippi River at Alton.

"The railroad crossing bill was a real battle," he recalls.

"The leading problem of this kind in Granite City was on East 23rd Street. A Granite City Steel foreman said his men were being blocked for time missed because of trains which blocked the entrance to company property. The intent of the new law was to force the railroads a lot of money, but rather to act as a deterrent and help keep intersections clear. I don't find them being blocked the way they used to be."

"The road fund money was being used to pay judges' salaries and things of that nature, instead of going for highway repairs. And whenever a department would come up short in its budget, the road fund would be the one to make up the difference. Now, there is a specified percentage which actually goes for road repairs."

Steele's legislative goals include limiting state spending, balancing the budget and enacting tax relief. He paid all of his expenses and transportation to the National Conference of State Legislators at San Francisco in July 1979.

He favors reducing the size of the Illinois House through establishment of fewer districts, but wants to see three-member districts continued as a way of assuring minority party representation in all areas of Illinois. He opposes the "cutback" amendment on the November ballot.

Steele is active in urging increased production and use of this state's coal reserves. He says, "I think utilities should be allowed to burn Illinois coal immediately. I would waive whatever restrictions there are so that this vast amount of coal could be used. It would be a

tremendous boon to the coal industry here and to the economy in general."

"We have made strides in cleaning up the air, but we are paying the price for it now. The costs are passed on to the consumer. Along with environmental concerns, we also must consider the cost of oil and the energy situation."

The lone Republican from the 56th District in the General Assembly, Steele is a member of the Appropriations and Transportation committees, the Energy Resources Commission and the Illinois Legislative Council. He served previously on the Higher Education Committee.

He resides in Glen Carbon with his wife, Josephine. Their sons are Bryan, 19, and Randy, 17.

A graduate of Granite City High School and Washington University, he served in the Army Adjutant General's Corps in 1951-53 and holds a degree in public administration.

Steele was a member of the state champion debate team at Washington U., and has served as president of Granite City Jaycees, the Granite City High School Alumni Association, Nelson Parent-Teacher Association in Edwardsville, Glen Carbon Zoning Board, Unity Chapel and Granite City Board of Realtors.

He is a past vice-president of the Granite City Scholarship Foundation.

The Everett Steele Soccer Fields in Nameki Township are used by hundreds of youngsters each year in cooperation with the YMCA Soccer Association.

Steele is a grandson of the late Nameki Mayor Chris Kuanemann. His memberships include Masonic Lodge 877, the DeMolay Legion of Honor, the James Stuart DeMolay Chapter advisory board and East St. Louis Commandery 81. He is past high priest of Granite City Chapter 224 of the Royal Arch Masons.

Rep. McPike is unopposed for a third two-year term in the Illinois House. He is a member of the Labor-Commerce and Revenue committees and chairman of a Labor-Commerce subcommittee active in evaluating employment insurance laws.

Formerly an opponent of party slating in primary elections, he sought and obtained Democratic Central Committee endorsement this year.

An economics major in college, he favors a progressive income tax—similar to the federal system, with the percentage increasing proportionately to one's income—to replace the portion of the property tax which pays for education.

He stresses his belief that "a fairer tax system" is needed, and says that "the needs of the blue collar worker must be considered."

Opposing the sales tax as regressive and unfair, McPike has been a leader in efforts to end the tax on food and medicine. "Reducing it in stages is not the best way, and I believe the Democratic proposal to eliminate it on a definite schedule would have been better than the way we have now."

"But even though the dual tax tables create some problems for merchants, the rewards to the poor and middle-class are greater than the disadvantages."

An Equal Rights Amendment advocate, he says, "How equality of rights for women can be bad is beyond me. I have supported and will continue to support ratification of this amendment."

His major legislative concerns have included expansion of road construction and improvement in this region.

McPike and his wife, Carole, have a daughter, Susan, 14, a son, Jimmy, 13, and a daughter, Katy, 11.

A graduate of Marquette High School, Alton, he holds a bachelor degree in engineering from the Naval Academy, Annapolis, Md., a business degree from Jacksonville University in Florida, and a master degree in economics from SIUE. A Navy jet pilot from 1965 to 1970, he was a sales engineer for the 3M Co. prior to gaining election to the House in November 1976.

McPike's family has lived in the Alton area for over 130 years, and his great-grandfather was mayor of Alton in the late 1800s.

1981 CUTLASS CALAIS, one of the new line of Oldsmobiles which were unveiled this morning at Woodrome Oldsmobile. Cutlass was the best-selling car in the United States last year and is expected to maintain that position this year, according to Bill Woodrome.

Unveil 1981 line at Woodrome Oldsmobile

The 1981 Oldsmobiles were unveiled today at Woodrome Oldsmobile, 1921 Madison Ave., and Bill Woodrome is predicting that the new cars will bring an even better sales year than the previous year, during which "sales increased significantly."

Woodrome said he expects the 1981 Cutlass to be the best seller in the line, as the 1980s were. Eight Cutlass models are being offered in the 1981 lineup, including the Cutlass sedan and Cutlass Supreme, with all new styling and improved aerodynamics. A lowered front end and slightly higher deck lid create a smoother

line and reduced wind resistance for better mileage, Woodrome said. Standard features new in the 1981 Cutlass include puncture-sealing tires and a new windshield washer system, which spreads the fluid across the windshield.

"We have worked hard to keep prices down to enable more people to purchase new Oldsmobiles. We also have maintained quality used cars and professional service to make friends of our customers and keep them coming back. We are looking forward to a great year," Woodrome concluded.

Dog obedience class

An eight-week dog obedience class for novice dog handlers will begin Oct. 7 at the Tri-City Area YMCA. Classes will meet on Tuesdays from 7 to 8 p.m.

Don Gullege will instruct the class, which is structured to teach basic commands. Gullege has studied basic and advanced dog obedience and has bred and trained guard dogs.

Registration for the class must be made at least one week in advance either at the Y, 2001 Edison Ave. in Granite City, or by mail. The fee for YMCA members is \$10 and for non-members \$15.

Those enrolling in the course are asked to attend the first week without their dogs. Specific rules and regulations will be given out at this session. Dogs should be at least 6 months old.

MITCHELL BURGLARY
A burglar who cut a window screen last week at the home of Dennis Hardisty, 76 University Drive, Mitchell, obtained loot valued at a total of \$800, including a television set, a gun and cash.

Fall craft classes

Registration will begin Tuesday, Sept. 30, for a series of special classes offering instruction in various crafts, which will be sponsored this fall by the Granite City Park District.

Thirteen different crafts will be taught in the sessions. All classes will be held at the park district's Nameki Recreation Center, Franklin Avenue and Pontoon Road. The classes and dates are as follows:

- Flower Drying, Oct. 2; Macrame Christmas Wreath, Oct. 14 and Oct. 16; Applique Pictures, Oct. 20 and Oct. 27.
- Corn Husk Angel Centerpiece, Oct. 21 and Oct. 23; Florence Candles, Oct. 29 and Oct. 30; Watercolor Painting, Nov. 1.
- Rug Design, Nov. 3 and Nov. 10; 3-D Miniatures, Nov. 5 and Nov. 17; Origami, Nov. 12 and Nov. 13; Framing, Nov. 19; and Yo-Yo Ornaments, Dec. 3.

Registration for each class must be made in person at the Wilson Park office and

proof of residency will be required at the time of registration.

Non-residents will be placed on a waiting list and will be charged a fee, it was noted.

Costs involved in each of the projects will be nominal and may be paid at the time an individual registers.

Additional information may be obtained at the Wilson Park office, or by calling 877-3059.

THEFT FROM PURSE
About \$175 in cash and \$133 worth of food stamps were stolen from the purse of Florence Williams, 163 Lee Wright Homes, in the pediatric section of St. Elizabeth Medical Center during the weekend, she told police Monday. She said she took her baby to the playroom, leaving her purse in the child's room. When she returned, the cash and food stamps had been stolen from the purse.

Crime prevention, Indian Guides, 1980 run, league

Crime prevention, a 10,000 meter run, Indian Guides, and racquetball lessons and league play are among the special events being offered in October at the Tri-City Area YMCA.

"These are all being offered in addition to the normally scheduled programs that the 'Y' offers on a year-round basis," said Lucy Tueth, program executive.

Crime prevention for the elderly will meet on four consecutive Mondays starting Oct. 20 from 10 to 11 a.m. This class is co-sponsored by the Metro-East Institute of Lifetime Learning and will be taught by Gene Morgan.

The class is designed to

provide information about crimes most often feared by older persons, such as residential burglary and criminal fraud. There will also be a session about community-police relations. The class is open to all area senior citizens for \$1. Registration must be made in advance at the 'Y' or by mail.

The second annual Greater Granite Grind, a 10,000 meter and two-mile run, will be held on Oct. 25. The two-mile run will start at 8:30 a.m. and the 10,000 meter run will begin at 9:30 a.m. Entrants are limited to one event and must register by Oct. 23. The cost is \$4.

An organizational meeting for the Y's Indian Guide program is scheduled for Oct. 8 at 7:30 p.m. Y Indian programs are open to boys and girls, kindergarten to third grade, and their dads. Participants meet in tribes with other father and child pairs in each other's homes for fun activities designed for fathers to get to their youngsters better.

In conjunction with these home-centered activities, the YMCA offers several special outings throughout the year, such as hayrides, pool parties and camps. The cost per person is \$15 for father and child.

Evening beginner racquetball classes will start Oct. 7 and will meet from 7 to 8 Tuesdays and Thursdays for two weeks. Morning lessons are scheduled to begin Oct. 20 and will meet from 11 to 12, also for two weeks. The cost for all four classes is \$8. Registration must be made at least one week in advance.

For the intermediate to more advanced player, there will be Pyramid Power, a racquetball challenge league. It will begin Oct. 20. The eight-week league costs \$1 for "Y" court members, and is open to men and women.

Autumn dance at St. Elizabeth

The annual fall dance for adults in St. Elizabeth Catholic Church parish will be held Saturday, Sept. 27, in the school cafeteria.

Music will be furnished by "The Remedy" band. The event is co-sponsored by the Ladies Sodality and the Holy Name organizations of the church.

ANNUAL
Housing Rehabilitation
MEETING

Madison County Community Development cordially invites any interested general contractors to attend the annual housing rehabilitation meeting on September 30, 1980 at 7:30 P.M. in the County Board Room of the Madison County Courthouse, Edwardsville, Illinois.

The County is involved in numerous home rehabilitation grant and loan programs on a county-wide basis, therefore, it is necessary that we develop a list of reputable contractors who are willing to cooperate with us on these projects. This meeting is being held to explain the present programs and how general contractors can take part. It will include:

- (1) Bidding Requirements and Procedures;
- (2) Contracts and Contract Amendments;
- (3) Inspection Procedures; and
- (4) Pay-Out Procedures.

If your name is presently not on our Qualified General Contractors List and you wish your name to be placed on this list and you cannot attend the meeting, please contact Madison County Community Development-Housing at 692-4387 or 692-4388.

Public Notices 33

NOTICE FOR

PUBLICATION

OF THE

ESTATE OF

SHAWN CRONE, A

MINOR) 80-J-417 and to All

Whom It May Concern:

Take notice that on the

16th day of September, 1980 a

petition was filed under the

Juvenile Court Act by

Assistant State's Attorney

Dan Schattuk in the Circuit

Court of Madison County

entitled "In the interest of

SHAWN CRONE, a minor,"

and that in circuit courtroom

at Edwardsville on the 17th

day of October at the hour of

1:30 p.m., or as soon

thereafter as this cause may

be heard, an adjudicatory

hearing will be held upon the

petition to have the child

declared to be a ward of the

court under that act. The

court has authority in this

proceeding to take from you

the custody and guardian-

ship of the minor, and to

appoint a guardian with

power to consent to adoption

of the minor.

Now, unless you appear at

the hearing and show cause

against the petition, the

petition may be taken for

confessed as against you and

each of you, and an order

judgment or decree entered.

WILLARD V. PORTELL Clerk

Dated September 19, 1980.

Anti-smoking clinic is set

The Madison-Venice

Advisory Committee on

Mental Health and Other

Social Concerns met at the

Venice City Council

Chambers to discuss plans

for the "I Quit Smoking

Clinic" which are in

progress.

The committee is seeking

ex-smokers to act as small

discussion leaders. Anyone

interested is asked to contact

James Harrell at 877-1569.

Harrell announced that an

orientation on how to con-

duct a clinic was held at St.

Elizabeth Medical Center.

The "I Quit Smoking

Clinic" sponsored by the

Madison-Venice Advisory

Committee is scheduled for

the second week of

November, Monday through

Friday from 7 to 9 p.m. at the

Venice Recreation Center.

Sandy Becker-Warden

suggested that Mental

Health Services hold an

orientation for the Madison-

Venice Advisory Committee

for the purpose of

familiarizing committee

members with the services

offered at the center. This

will take place at the Mental

Health Services and will be

scheduled for November.

She also discussed in-

troducing the Advisory

Committee to the Mental

Health Services board of

directors. Plans would in-

clude a small presentation at

a board meeting describing

the committee's goals and

current projects to the board

members.

The importance of the

Advisory Committee

keeping current with the
